Securities Note

for the issuance of

Reference Asset Linked Securities
under the Euro 50,000,000,000 Debt Issuance Programme

10 February 2022

This Securities Note has been approved by the Commission de Surveillance du Secteur Financier ("**CSSF**") as the competent authority under the PR. The CSSF only approves this Securities Note as meeting the standards of completeness, comprehensibility and consistency imposed by the PR. Such approval shall not be considered as an endorsement of the quality of the Securities that are the subject of this Securities Note. Investors should make their own assessment as to the suitability of investing in the Securities.

By approving a prospectus, the CSSF shall give no undertaking as to the economic and financial soundness of the operation or the quality or solvency of the issuer pursuant to Article 6(4) of the Luxembourg act relating to prospectuses for securities dated 16 July 2019 (*Loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières et portant mise en oeuvre du règlement* (UE) 2017/1129).

Under the Base Prospectus the Issuer may issue new Securities under the Programme or increase the issuing volume of Securities which have already been issued. The Issuer may apply for the admission to trading of Securities on a regulated market, third country market, a multilateral trading system and/or another exchange or another market and/or trading system for Securities. Regulated Market means a regulated market as defined in the Directive 2014/65/EU.

The validity of the Base Prospectus, comprising this Securities Note and the Registration Document, will expire on 10 February 2023. From this point in time, the obligation to supplement the Securities Note in the event of significant new factors, material mistakes or material inaccuracies does not apply when a prospectus is no longer valid.

The information on any website included in the Securities Note do not form part of the Securities Note and has not been scrutinised or approved by the CSSF.

I. GENERAL DESCRIPTION OF THE PROGRAMME

A. General Description of the 50,000,000,000 Debt Issuance Programme

The UniCredit Bank AG (the "**Issuer**") continuously and repeatedly issues securities in the form of non-equity securities under its "Euro 50.000.000.000 Debt Issuance Programme" (the "**Programme**"). This includes Reference Asset Linked Securities.

The establishment of the Programme and the issue of Securities under the Programme were duly authorised by the Group Asset/Liability Committee (ALCO), a subcommittee of the Management Board of the Issuer, on 17 April 2001. The full EUR 50,000,000,000 authorisation amount of the Programme may also be applied for issuances under other base prospectuses of the Issuer, however, the aggregate utilised amount of the Programme together with any other base prospectuses of the Issuer under the Programme will not exceed EUR 50,000,000,000.

B. Overview of the Securities described in this Securities Note

Reference Asset Linked Securities (the "**Securities**") are structured notes or certificates. The redemption of the Securities and other payments under the Securities depend upon the performance of a Reference Asset which is a non-equity instrument either in form of a bond, loan or assignable loan (*Schuldscheindarlehen*).

The Securities are not capital protected. This means that the Securities can be redeemed at an amount lower than the Nominal Amount or Issue Price of the relevant Securities. In certain cases, a total loss of the amount paid to purchase the Securities (the "**Purchase Price**") is possible. **Comment on this point:** The amount paid to purchase the Securities includes here and below all costs related to the purchase. The Securities are issued as bearer bonds within the meaning of § 793 German Civil Code (Bürgerliches Gesetzbuch, "**BGB**") and will be represented by a global note. The right to receive Securities in definitive form is excluded. A detailed description of the Securities can be found in section "VI. DESCRIPTION OF THE SECURITIES" on page 50 et seq.

The Securities differ in particular in their Payment Profile and can be issued in different variants (the "**Product Types**"):

- Fix Rate Reference Asset Linked Securities (Product Type 1)
- Floating Rate Reference Asset Linked Securities (Product Type 2) linked to a Reference Rate.

A detailed description of the individual Product Types and the way in which payments under the Securities depend on the Reference Asset (the "**Payment Profiles**") is set out in section "VI. DESCRIPTION OF THE SECURITIES" on page 50 et seq. of this Securities Note. It is highly

I. General Description of the Programme

recommended to read the risk factors regarding the Issuer and the Securities in section "II. RISK FACTORS" on pages 9 et seq. thoroughly at the same time. An investment in the Securities is only suitable for investors, who understand the nature of such Securities and the extent of the incorporated risk and who have sufficient knowledge, experience and access to professional advisors (including their financial, accounting, legal and tax advisors) in order to form their own legal, tax, accounting and financial opinion upon the existing risks in relation to the Securities.

The Issuer may offer Securities taking into account sustainability criteria as per its sustainability guidelines (the "**Sustainability Guidelines**"), (please see section "IV.C.4 Information regarding the Sustainability of the Securities" on page 40 for more details).

C. General Description of the Securities Note

The Issuer intends to offer the Securities for sale to qualified investors only and in accordance with Art. 8 (2) of the Commission Delegated Regulation (EU) 2019/980 of 2019 and to issue the Securities either (i) with a minimum denomination of EUR 100,000 (or the equivalent in any other currency) and to apply for admission to trading of the Securities on a regulated market in Luxembourg and / or Italy (the "**Offering Countries**") or (ii) to issue Securities with any other denomination equal or higher as EUR 100,000 (or the equivalent in any other currency) and to apply for admission to trading on a regulated market, or a segment thereof to, in the Offering Countries to which only qualified investors can have access for the purposes of trading such Securities. For this purpose, the Issuer has prepared and published this Securities Note for Reference Asset Linked Securities (the "**Securities Note**").

This Securities Note contains placeholders and optional elements (options and additional options). This relates to information which will only be specified by the Issuer upon issuance of the Securities. For this purpose, the Issuer will in each case prepare final terms for the Securities (the "**Final Terms**") which will contain the information that can only be specified at the time of the issuance of the Securities under this Securities Note. The Final Terms will be prepared by completing the form of the Final Terms set out in section "IX. Form of Final Terms" with the information that applies specifically to the relevant Securities. In particular, this includes stating which of the optional elements with regard to the Securities apply. In addition, the relevant placeholders contained in the Securities Note will be filled in with specific values (e.g. dates, prices, rates).

D. General Description of the Admission of the Securities to Trading

The Issuer may apply for admission to trading on a regulated market, a third country market, a multilateral trading system and/or another exchange or another market and/or trading system for the Securities. A detailed description of the Terms and Conditions for admission to trading and the trading rules can be found in section "IV.B.1 Admission to trading and listing of the Securities" on page 38.

II. RISK FACTORS

The purchase of Reference Asset Linked Securities described in this Securities Note involves risks for the Security Holder.

In the following section, the specific risk factors related to the Issuer (see section "A. *Specific material risks relating to the Issuer*" on page 9) and the Securities (see section "B. *Specific material risks relating to the Securities*" on page 9), which are material, are described.

These risk factors are presented in risk categories depending on their nature. In each risk category, the most material risk factors, according to the assessment of the Issuer, are described first. Apart from that the assessment of materiality of the risk factors has been made by the Issuer as of the date of this Securities Note on the basis of the probability of their occurrence and the expected magnitude of their negative impact. The magnitude of the negative impact of each of the below risk factors on the relevant Securities is described by reference to the magnitude of potential losses of the invested capital (including a potential total loss), the incurrence of additional costs in relation to the Securities or limitations of returns on the Securities. An assessment of the probability of the occurrence of risks and the magnitude of the negative impact also depends on the relevant Reference Asset or Reference Rate, the relevant parameters with regard to the Product Type set out in the relevant Final Terms and the circumstances existing as of the date of the relevant Final Terms.

A. Specific material risks relating to the Issuer

The risk factors related to the Issuer are set out in the Registration Document.

B. Specific material risks relating to the Securities

In the following section, the specific material risk factors relating to the Securities are described.

The following risk factors are presented in five risk categories (section "1. *Specific material risks resulting from the type of the Securities*", "2. *Specific material risks with regard to the payment of interest and redemption of the Securities*", "3. *Specific material risks in connection with the investment, the holding and selling of the Securities*", "4. *Special material risks related to the Reference Assets*" and "5. *Specific material risks related to Reference Rates*") depending on their nature. In each risk category, the most material risk factor is described first.

All Securities issued under this Securities Note share the characteristic, that the Security Holder may incur a **total loss** with respect to the capital amount spent.

1. Specific material risks resulting from the type of the Securities

In this risk category, the specific risks associated with the rank and characteristic of the Securities are described. The most material risk factor in this category, according to the assessment of the Issuer, is described first:

a) Insolvency risk and risks in relation to resolution measures in relation to the Issuer

The Security Holders bear the risk of the insolvency of the Issuer. Moreover, Security Holders may become subject to resolution measures in relation to the Issuer if the Issuer is failing or likely to fail.

The Issuer, as part of an internationally active group of banks, is subject to a variety of risks. These risks may, individually or combined, lead to the Issuer being unable, or only partially able to fulfil its obligations resulting from the Securities or it is unable to do so when they become due. This may occur when the Issuer becomes insolvent (*zahlungsunfähig*) or overindebted (*überschuldet*).

In case insolvency proceedings are opened against the Issuer, Security Holders can only assert their claims pursuant to the German Insolvency Code (*Insolvenzordnung*). The Security Holders will in that case receive an amount which is determined pursuant to the insolvency ratio (*Insolvenzquote*). This amount will regularly be substantially less than the amount the Security Holder has paid for the purchase of the Securities.

Due to its status as a CRR credit institution¹ legal provisions included in

- the European Regulation (EU) No 806/2014² ("**SRM**"), and
- the German Restructuring and Resolution Act (*Sanierungs- und Abwicklungsgesetz* – "**SAG**"),

afford the authorised resolution authority the right to implement certain resolution measures against the Issuer. These measures can be detrimental to the interests of the Security Holders.

The resolution authority is the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht* – "**BaFin**"). BaFin may, in certain cases which are set out in the SAG, convert claims of the Security Holders resulting from the Securities into shares in the Issuer (e.g. stocks). In that case, Security Holders would bear the same risks as any other shareholder of the Issuer. In such a situation, the price of the Issuer's shares will regularly have fallen significantly

¹ Within the meaning of section 1 para. 3d sent. 1 of the German Banking Act "**CRR**" means the European Capital Requirements Regulation (EU) No. 575/2013.

² Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010.

beforehand. This means that the Security Holders will most likely incur a loss under these circumstances.

The Nominal Amount of the Securities as well as any interest may be completely or partially reduced. In that case, Security Holders will receive a lower or no repayment of the capital amount of the Securities. It is also possible that Security Holders receive lower or no interest payments.

The resolution authority may also amend the Terms and Conditions. It may for example postpone the redemption of the Securities. In that case, the Security Holders will receive payments under the Securities at a later point in time than originally scheduled.

The prerequisites for a resolution are met under the SAG when the resolution authority determines that the Issuer is failing or likely to fail.

In case the resolution authority exercises any resolution measures, the Security Holders bear the risk of losing their claims resulting from the Securities. This pertains in particular to claims for payment of the Redemption Amount or payment of interest or other payments under the Securities.

If there is a threat regarding the fulfilment of the obligations of the Issuer, BaFin can take certain measures, including a temporary decree which prohibits further payments by the Issuer. For the duration of the prohibition of payments, the Security Holders cannot claim any payments resulting from the Securities from the Issuer.

Insolvency of the Issuer or the exercise of any resolution measures or other sovereign interventions against the Issuer is associated with considerable risks for you. This means that there is a substantial risk of loss for you, including a **risk of total loss**.

b) No deposit protection and no compensation scheme

The Obligations of the Issuer under the Securities are not secured, guaranteed by third parties or protected by any deposit protection or compensation scheme.

The obligations of the Issuer resulting from the Securities are not secured. They are also not protected through any deposit protection or compensation scheme. There are also no other guarantees or assurances from a third party for the obligations of the Issuer.

Therefore in case of insolvency of the Issuer, the following applies: Security Holders are not protected from the complete loss of the amount you have paid for the purchase of the Securities.

2. **Specific material risks with regard to the payment of interest and redemption of the Securities**

In this risk category, the specific risks with regard to the payment of interest and redemption of the Securities are described. The most material risk factors in this category are described first:

a) **Risks arising from the fact that the interest or redemption amounts payable under the Securities is linked to amounts payable to a holder of the Reference Asset**

Amounts to be distributed under the Securities will be determined by reference to a Reference Asset. In purchasing these Securities, Security Holders will accordingly have credit exposure to both the Issuer and the relevant Reference Entity because an investment in the Securities bears credit risk similar to providing credit to the relevant Reference Entity. This results in significant risks which are not associated with a investments in conventional debt securities with a claim for repayment of the nominal amount against the Issuer only or a direct investment in the Reference Asset.

Any Scheduled Reference Asset Interest Amount or Reference Asset Interest Amount and, where cash settlement applies, any Scheduled Reference Asset Redemption Amount or Reference Asset Redemption Amount (each as applicable and as specified in the Final Terms) payable is determined by direct reference to the amounts payable to the holder of the Reference Asset as interest or redemption (as applicable) under the Reference Asset adjusted by any adjustment factor.

The Securities may provide that the Issuer's payment obligations are limited to the amounts which a holder of the Reference Asset actually receives under the Reference Asset (which will be reduced by all costs incurred in relation to the Reference Asset) within a certain time period preceding the payment date under the Securities. If for any reason, the amounts payable under the Reference Asset are lower than expected, the Security Holder's return under the Securities may also be reduced and might be below the Issue Price or Purchase Price in which case **the Security Holder will suffer a partial or total loss of the amount paid to purchase the Securities.**

With regard to the risks of the Reference Asset, potential investors should consider the description of the risks that have a material effect on the Reference Asset in section "II.B.4. Special material risks related to the Reference Assets" on page 27 et seq.

b) **Risks related to an early redemption and Risk Events**

If a Risk Event is specified in the Final Terms, the Securities may be early redeemed by payment of an Acceleration Redemption Amount or Acceleration Delivery Amount, as specified in the Final Terms, if a Risk Event (e.g., a Credit Event in respect of the Reference Entity) occurs.

The Acceleration Redemption Amount or the value of the Acceleration Delivery Amount may be below the Issue Price or Purchase Price in which case the **Security Holder would suffer a partial or total loss of his amount paid to purchase the Securities** even if the Securities provide for Specified Redemption Amount (as described in *Risks arising from valuation of the Reference Asset in case of an early redemption arising due to a Risk Event*). In addition, interest will cease to be paid.

A "**Risk Event**" will be specified in the Final Terms and may include any of, or several of, the following:

- a partial or whole unscheduled redemption (including a substitution of the Reference Asset for cash, rights or other assets) (an "**Unscheduled Redemption**"),
- a failure of the Reference Entity to pay cash flows in respect of the Reference Asset corresponding to those scheduled (a "**Cashflow Discrepancy**"),
- the Calculation Agent determines that an event has occurred causing the result of the market value of the Reference Asset expressed as a percentage of its nominal amount (as specified in the Final Terms) minus the scheduled cash flow value to be equal to or lower than a specified threshold (a "**Reference Asset Value Event**"),
- a bankruptcy event occurs concerning the custodian of any Reference Asset or such custodian fails to perform (a "**Custody Event**"),
- a bankruptcy, failure to pay, governmental intervention, obligation default, obligation acceleration, repudiation/moratorium or a restructuring event (as specified in the Final Terms) occurs in respect of the Reference Entity and a relevant Reference Asset (a "**Credit Event**").

If a Risk Event occurs, the Issuer shall redeem the Securities early. If the occurrence of a Credit Event or such other Risk Event results in the early termination of hedging transactions which were entered into by the Issuer in connection with the Securities, e.g. any currency risk hedging transactions or interest rate swaps, the Security Holders may suffer losses because the costs for unwinding the hedging transactions may be borne by the Security Holders as specified in the Final Terms.

As a consequence of the process in relation to an early redemption payment under the Securities may even be postponed compared to the scheduled payment dates. No interest will be paid on the deferred amounts during the period from the scheduled payment date and the actual payment date.

c) Risks arising from valuation of the Reference Asset in case of an early redemption arising due to a Risk Event

In the case of an early redemption following a Risk Event, and if the Final Terms set out cash settlement as applicable, the amounts payable under the Securities will be calculated by reference to the a price of the Reference Asset determined by the Calculation Agent by way of an auction procedure, minus all costs incurred in relation to the Reference Asset (and, where specified in the Final Terms, adjusted by an adjustment amount value) (the "**Acceleration Redemption Amount**"). **Such early redemption amount may be substantially less than any expected redemption amount under the Securities at maturity and may be zero.**

If no firm bid quotation are received during the auction procedure, the auction value used for the determination of the Acceleration Redemption Amount will be zero and the return for the Security Holder will be zero. **Accordingly, a Security Holder will suffer a total loss.**

In the case of early redemption and physical settlement, no allowance will be made for any preceding higher value of the Reference Asset and the Reference Asset will simply be delivered on the applicable settlement date along with any supplemental cash amount.

d) Risks relating to a Leverage Factor

The Final Terms may provide for a leverage factor (the "**Leverage Factor**"). As a consequence, the effects of Risk Events on the Securities may be leveraged, meaning that the loss in value of the Reference Asset will be multiplied by the Leverage Factor when calculating the Acceleration Redemption Amount or the Acceleration Delivery Amount, as the case may be. The loss to be borne by the Security Holder will be significantly increased by the effects of any such leverage.

e) Risk related to a Potential Risk Event

The payment of any Interest Amount due on an Interest Payment Date or the payment of the Redemption Amount or Redemption Delivery Amount due on the Settlement Date may be postponed following to the occurrence of a Potential Risk Event, as specified in the Final Terms. No interest will be paid on the deferred amounts during the period from the scheduled payment date and the actual payment date.

f) Risks arising from the influence of the Reference Asset on the market value of the Securities

The market value of the Securities as well as the amounts distributable under the Securities primarily depend on the Reference Asset and/or the payments made thereunder, as the case may be. It is not possible to predict how the Reference Asset and/or the payments made thereunder will

develop in the future. The market value of the Securities may be subject to substantial fluctuations, since it will primarily be influenced by changes of the Reference Asset and/or the payments made thereunder. The Reference Asset and/or the payments made thereunder may also depend on a number of inter-related factors, including cyclical, economic, financial and political events and their general effect on capital markets and on the relevant stock exchanges.

Whilst the market value of the Securities is linked to the value of the Reference Asset and/or the expected payments made thereunder and may be adversely influenced by it, not any change may be equally influencing. There may also be disproportionate changes in the value of the Securities. The value of the Securities may fall while at the same time the value of the Reference Asset and/or the expected payments thereunder may increase.

In addition, the market value of the Securities inter alia is influenced by the variations in the intensity of the fluctuation of values (volatility) of the Reference Asset and changes in the expected and actual payments under the Reference Asset. Moreover, even the failure of an expected change in the value of the Reference Asset may adversely affect the market value of the Securities. These factors can reinforce or negate each other.

g) Risks related to a Specified Redemption Amount

If the Final Terms provide for a Specified Redemption Amount on the Settlement Date of the Securities, such payment will not be made if the Securities are terminated, redeemed or sold before their Settlement Date. Then, the actual payment or selling price of the Securities may be significantly lower than Specified Redemption Amount or may even be zero and the Security Holder may lose all or a substantial portion of the amount invested.

h) Redemption of the Securities may be less advantageous than direct investment in Reference Assets

Cash settlement amounts on the Securities on redemption may be less than the recovery which would be ultimately realised by a holder of Reference Assets of the Reference Entity.

Cash settlement on the Securities on early redemption will reflect the results of an auction procedure and the auction value so determined may be less than the recovery which would ultimately be realised by a holder of Reference Assets of the respective Reference Entity if the quotations received by the Calculation Agent during the auction process is low. If no quotations for the Reference Asset are obtained by the Calculation Agent during the auction process the auction value will be deemed to be zero even though the Reference Asset might have a certain market value as of such time or at any time thereafter. Any such auction failure could for example occur in case the trading of the Reference Asset is limited or the trading of the Reference Asset is not possible at all

for whatever reason, including the occurrence of a Sanctions Event impacting the tradability or transferability of the Reference Asset.

i) Currency and Currency Exchange Rate risk with respect to the Reference Asset

If the Reference Asset is denominated in a currency other than the Specified Currency, there is a Currency Exchange Rate risk (as described in Currency Exchange Rate risk). Currencies may also be devalued or replaced by a different currency whose development cannot be predicted. In such case the investor may incur losses on interest or principal payments due to currency conversions necessary or currency fluctuations.

Further, if a FX Disruption Event is specified in the Final Terms as an applicable risk event, and if it is impossible or unreasonable for the Issuer to convert the Acceleration Redemption Amount due to such an event affecting either the reference currency or the specified currency, the Issuer shall endeavour to redeem the Securities by payment of the redemption amount in the reference currency. The Security Holder may suffer a total loss due to the unwinding costs of any currency risk hedging transaction even if a currency hedging element is provided for when calculating the Redemption Amount in the Specified Currency ("**Specified Redemption Amount**").

j) Currency and Currency Exchange Rate risk with respect to the Securities

If the Securities are denominated in a currency (the "**Specified Currency**") other than the currency of the jurisdiction where a Security Holder is domiciled or where the Security Holder seeks to receive funds, there is a Currency Exchange Rate risk. Currencies may also be devalued or replaced by a different currency whose development cannot be predicted.

k) Risks with regard to determinations by the Calculation Agent

Pursuant to the Terms and Conditions, the Calculation Agent may in its discretion determine whether certain events have occurred and make any adjustments and calculations resulting therefrom (if any), as described in the Final Terms. The Calculation Agent will make any such determination in its reasonable discretion in a commercially reasonable manner. Such determination may have an adverse effect on the value of the Securities and/or the payments.

l) Risks in connection with a later determination of features

The Final Terms may provide that either the Issue Price or other features of the Securities may be determined by the Issuer in accordance with § 315 BGB or published at any point of time after the production of the Final Terms. Depending on the time and manner of any such determination, investors in the relevant Securities bear the risk that the potential return which is achievable from

an investment in the relevant Securities do not match the expectations of the investor at the time of subscription or the risk profile does not match the risk expectations of the investor.

m) Risks related to Physical Settlement

The Final Terms may specify that the Securities will be redeemed at the settlement date of the Securities by delivery of a quantity of the Reference Asset (the "**Physical Settlement**"). Any Physical Settlement is subject to the conditions specified in the Final Terms. Potential investors should note that they will be required to accept delivery of the Reference Asset if Physical Settlement is specified as applicable in the Final Terms and should ensure that they have the legal capacity to receive such Reference Asset on purchasing the Securities.

Security Holders are not entitled and the Issuer is not obliged to execute any rights from the Reference Asset to be delivered until they are transferred to the Security Holder.

The value of the Reference Asset may continue to develop negatively until the transfer and only the Security Holder bears the risk of such value movements.

All costs, incl. possible custody fees, exchange turnover taxes, stamp taxes, transaction fees, other taxes or levies, incurred as a result of the delivery of the Reference Asset, have to be borne by the respective Security Holder. Furthermore, upon sale of the Reference Asset delivered transaction costs may arise. These fees and costs may be material and may substantially reduce the proceeds from the Securities or increase a possible loss of the Security Holder's amount paid to purchase the Securities.

Furthermore, Security Holders should not assume that they will be able to sell the quantity of Reference Asset delivered for a specific price, in particular not for a price corresponding to, or being greater than, the value of capital invested for the acquisition of the Securities.

The Reference Asset delivered may be subject to selling and transfer restrictions or may not be liquid for other reasons.

The Reference Asset will be delivered at the Security Holder's own risk. This means that neither the Issuer nor the Paying Agent nor any other person or entity different to the Security Holders is liable if the Reference Asset gets lost or is destroyed during its delivery to the Security Holders.

n) Additional Risks related to Physical Settlement following a Risk Event, including delivery failures

In case of an early redemption by physical settlement, the Final Terms may provide that a physical settlement adjustment amount will be determined to take into account the costs of termination of any hedging arrangements and divided by the value of the Reference Asset determined by way of

an auction procedure. If the auction value of the Reference Asset determined by the Calculation Agent is zero, such settlement adjustment will result in an Acceleration Delivery Amount equal to zero. **Accordingly, a Security Holder will suffer a total loss.** Any such auction failure could for example occur in case the trading of the Reference Asset is limited or the trading of the Reference Asset is not possible at all for whatever reason, including the occurrence of a Sanctions Event impacting the tradability or transferability of the Reference Asset.

Investors should also be aware that where the Issuer is obliged to physically deliver a Reference Asset on early redemption, the Issuer may have the right to redeem such Security by way of payment of a cash amount if it is due to a Risk Event or Sanctions Event or for any other reason impossible or illegal to deliver the Reference Asset. The amounts payable under the Securities will then be calculated by reference to the price of the Reference Asset determined by the Calculation Agent by way of an auction procedure, minus all costs incurred in relation to the Reference Asset (and, where specified in the Final Terms, adjusted by an adjustment amount value) (the "**Alternative Acceleration Redemption Amount**"). **Such early redemption amount may be substantially less than any expected redemption amount under the Securities at maturity and may be zero.** If no quotation are received during the auction procedure, the auction value used for the determination of the Alternative Acceleration Redemption Amount will be zero and the return for the Security Holder will be zero. **Accordingly, a Security Holder will suffer a total loss.**

o) Risks relating to a Custody Event

The Final Terms may in addition to the Risk Events specify that the early redemption of the Securities will be subject to the consequences of a Custody Event. If a Custody Event occurs, the Issuer will no longer owe the payment of the Acceleration Redemption Amount or delivery of the Acceleration Delivery Amount. Instead, the Issuer will endeavour to transfer a pro rata share of the Issuer's rights and entitlements vis-à-vis the Custodian to each Security Holder upon such Security Holders demand, to the extent such rights and entitlements are not required to indemnify the Issuer for the its hedging unwind costs.

Accordingly, the Security Holders also bear the credit risk of the Custodian specified in the Final Terms. **Security Holder can suffer a partial or total loss of the amount paid to purchase the Securities if the Custodian is unable to fulfil its obligations transferred to the Security Holders.**

p) Additional Risks relating to Fixed-Rate Securities

Potential investors in interest-bearing Securities at a fixed rate ("**Fixed-Rate Securities**") should be aware that the fair market value of the Fixed-Rate Securities may be very volatile, depending on the volatility of interest rates on the capital market (the "**Market Rate of Interest**"). The performance of the Market Rate of Interest may depend on a number of interrelated factors,

including economic, financial and political events and their general effect on capital markets and on the respective stock exchanges. It is not possible to predict how the Market Rate of Interest will change over time. While the interest rate of Fixed-Rate Securities is specified in the Final Terms for the term of the Securities, the Market Rate of Interest is subject to daily changes. If the Market Rate of Interest rises, this normally causes the fair market value of the Fixed-Rate Securities to fall. If the Market Rate of Interest falls, the fair market value of the Fixed-Rate Securities normally rises.

q) **Additional Risks relating to Floating-Rate Securities**

Potential investors in interest-bearing Securities at a floating rate ("**Floating-Rate Securities**") should be aware that they are exposed to the risk of fluctuating interest rates. Fluctuating interest rates make it impossible to determine in advance the return of Floating-Rate Securities. The performance of the Reference Rate is affected by supply and demand on the international money and capital markets as well as by a number of factors, such as economic influences, measures taken by national banks and governments, as well as by politically motivated factors. The past performance of the Reference Rate provides no guarantee for its future performance, even if the previous performance or rate of the reference rate has already been recorded for a longer period.

With regard to the risks of the Reference Asset, potential investors should consider the description of the risks that have a material effect on the Reference Rate in section "II.B.4. Special material risks related to the Reference Assets" on page 27 et seq.

Potential investors in Floating-Rate Securities should be aware that interest rates of Floating-Rate Securities may be limited to a maximum interest rate, as specified in the Final Terms. Therefore, the participation of the Security Holder in a favourable development of the Reference Rate, and thus, his potential return may be limited.

3. Specific material risks in connection with the investment, the holding and selling of the Securities

In this risk category, the specific risks with regard to the investment, the holding and selling of the Securities are described. The most material risk factors in this category are described first:

a) Market price risk

During the term of the Securities the price of the Reference Asset and therefore the market price of the Securities may be subject to severe fluctuations. These may lead to the following result: The price of the Securities falls below the amount paid by the Security Holders for the purchase of the Securities.

If, in such case, the Security Holders sell their Securities, the Security Holder will incur a loss.

In particular, the following market factors may affect the market price of the Securities. Certain market factors may also occur simultaneously:

- remaining term of the Securities,
- changes to the price of the Reference Asset as well as additional Reference Asset-related market value-influencing factors (see section "II.B.4. Special material risks related to the Reference Assets" on page 27 et seq.),
- changes to the creditworthiness or the credit rating regarding the Issuer,
- changes to the market interest rate.

The price of the Securities may fall even when the price of the Reference Asset remains constant.

This means that there is a substantial risk of loss. Even a total loss of the amount paid by the Security Holders for the purchase of the Securities is possible.

b) Risks regarding the determination of the prices for the Securities in the secondary market / risks in the pricing

Security Holders bear the risk that they cannot purchase or sell the Securities at a specific time or for a specific price.

The Issuer, one of its affiliates or a third party engaged by the Issuer (for such purpose, each of them a "**Market Maker**") usually regularly determine purchase and selling prices for the Securities to provide liquidity in secondary trading for the relevant Security ("**Market Making**") under normal market conditions. The Market Maker can also be a company affiliated with the Issuer or another financial institution. The Market Maker, however, does not guarantee that the prices stated by the Market Maker are reasonable. The Market Maker also does not guarantee that prices for the Securities are available at all times during the entire term.

The Market Maker can also change the methodology used to determine the published prices at the Market Maker's own discretion at any time. For example, the Market Maker can change its calculation model and/or increase or decrease the spread between the purchase and selling prices. In the case of a market disruption or technical problems, the availability of the used electronic trading system can also be restricted or shut down. In the case of extraordinary conditions in the market or extreme price fluctuations in the securities markets, the Market Maker will normally not publish any purchase or selling prices. Security Holders accordingly bear the risk that they will not obtain a price for their Securities under certain conditions. This means that Security Holders cannot sell their Securities in the market for a reasonable price in every situation.

The opening hours of the market for the Securities often differ from the opening hours of the market for the respective Underlying. In that case, the Market Maker might have to estimate the price of the Underlying to determine the corresponding price of the Security. These estimates might prove incorrect and detrimental to the interests of the Security Holders.

Investors should also note: The issue volume described in the Final Terms does not allow any conclusion on the volume of the Securities actually issued or outstanding at any time. Thus it may not be possible to assert the liquidity of a potential Secondary Market on such basis.

c) Risk that no active trading market for the Securities exists

Security Holders bear the risk that there is no liquid market for trading the Securities. That means that they cannot sell the Securities at a specific point in time they have chosen.

An application can be submitted to admit and/or include the Securities to trading on a regulated market, a third country market, a multilateral trading system and/or another exchange or another market and/or trading system (the "**Listing**"). However, in the case of a Listing, there is no guarantee that this Listing will be maintained permanently. If there no longer is a Listing, the purchase and the sale of the Securities is substantially impeded or in fact impossible. Even in the case of a continued Listing, this does not necessarily result in a high turnover of the Securities on the relevant exchange. A low turnover on an exchange makes it more difficult to sell Securities at a favourable price. This is referred to as an illiquid market for the Securities.

Furthermore, even in the case of an existing Secondary Market the Security Holder may not be in a position to dispose of the Securities in the case of an unfavourable development (e.g. of the Underlying or of a currency exchange rate), e.g. if such development occurs outside of the trading hours of the Securities.

Security Holders therefore cannot assume that there is always a liquid market for trading in the Securities. Security Holders should be prepared to be unable to sell the Securities to other market participants.

d) Foreign Currency Rate risk with respect to the Securities

In the case of Securities issued in Foreign Currencies, there is a foreign currency risk.

Securities may be issued in a currency, other than the currency of the account of the Security Holder to which the amounts of money paid under the Securities are credited is maintained ("**Foreign Currency**"). In such case each payment will be automatically converted from the relevant amount into the currency of the account of the Security Holder. For these purposes the relevant account bank will utilise a conversion rate that may be subject to substantial fluctuations. Such fluctuations

in the conversion rate may lead to potential losses of the Security Holder being substantially magnified or potential profits being reduced.

e) Risks related to taxation of the Securities

Security Holders bear the risk that the tax treatment of the Securities can change. This may have a material adverse effect on the price and the redemption of the Securities and the payments made under the Securities.

Tax law and practice are subject to changes, possibly with retroactive effect. It is possible that the tax treatment of the Securities can change compared to the Security Holders' opinion at the time of purchasing the Securities. Security Holders accordingly bear the risk that they might possibly incorrectly evaluate the taxation of the income from purchasing the Securities. However, it is also possible that the taxation of income from the purchase of the Securities changes to the Security Holders' detriment.

This may have a material adverse effect on the price and the redemption of the Securities and the payments made under the Securities.

f) Risks related to a freeze due to Financial Sanctions

In case the Issuer of the Securities becomes subject to sanctions that require an asset freeze, the result may be that the Securities have to be frozen and kept in such a state, until either the sanctions are lifted, or an exception from the relevant authorities is acquired. Also the funds invested in the Reference Asset may be subject to such (freezing/blocking) sanctions, due to the (in)direct connection.

g) Risks related to the tradability/transferability of the Securities

Financial sanctions may lead to the market being no longer interested in securities of sanctioned parties. This may lead to the Securities or the Reference Asset becoming untradeable, and therefore the Securities or Reference Asset may render worthless in respect to the market where they are/can be traded. When the denomination of the Securities or Reference Asset is in a currency (e.g. US Dollar), which country (United States of America) adds the issuer to its sanctions list, the market may respond by no longer being interested to trade such securities.

h) Risks related to hedging transactions with respect to the Securities

Security Holders may not rely on being able to sufficiently hedge against price risks arising from the Securities at any time. Their ability to make transactions to preclude or limit such price risks will depend on, inter alia, the relevant prevailing market conditions. In some cases, there may be

no suitable transactions available at a certain point of time or Security Holders may conclude transactions only at a market price that is disadvantageous to them.

The Securities may not be a perfect hedge against price risks arising from the Reference Asset. Any person intending to use the Securities to hedge against such price risks is subject to the risk that the value of the Reference Asset, other than expected, develops in the same direction as the value of the Securities. In addition, it may not be possible to liquidate the Securities at a certain date at a price which reflects the actual value of the respective Reference Asset. This particularly depends on the prevailing market conditions. In both cases, the Security Holder may suffer a loss from both, his investment in the Securities and his investment in the Reference Asset, whose risk of loss he actually wanted to hedge.

i) **Risks related to debt financing the purchase of the Securities**

If the purchase of the Securities will be financed by uptake of foreign funds, the proceeds from the Securities may possibly not be sufficient to make interest or principal payments arising from a financing purchase of the Securities and require additional capital. Therefore, in such a case, potential investors should make sure in advance that they can still pay the interest and principal payments on the loan also in the event of a decrease of value or a payment delay or default with regard to the Securities. The expected return should be set higher since the costs relating to the purchase of the Securities and those relating to the loan (interest, redemption, handling fee) have to be taken into account.

j) **Risks related to Incidental Costs**

In connection with the purchase, holding and disposal of the Securities, incidental costs (the "**Incidental Costs**") may be incurred beside the purchase or sale price of the Securities. These Incidental Costs may significantly reduce or even eliminate any profit from the Securities.

If the purchase or sale of the Securities is not agreed between the purchaser and the Issuer or the Distributor, as the case may be, at a fixed price (the "**Fixed Price**"), commissions which are either fixed minimum commissions or pro-rata commissions, depending on the order value, will be charged upon the purchase and sale of the Securities. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, for example domestic dealers or brokers in foreign markets, potential investors may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third-party costs).

In addition to such Fixed Price and the costs directly related to the purchase of the Securities (direct costs), potential investors must also take into account any other costs in connection with the holding of the Securities. These include for example custody fees and additional costs if other foreign or domestic entities are involved in the custody.

Before investing in the Securities, potential investors should inform themselves about any Incidental Costs incurred in connection with the purchase, holding or sale of the Securities.

k) Risks arising from special conflicts of interest in relation to the Securities

Potential conflicts of interest of the Issuer or its affiliates may be detrimental to the value of the Securities.

The Issuer, a financial institution or a financial intermediary with whom the Issuer has entered into a distribution agreement (the "**Distributor**") or any of their affiliates may, in connection with the below mentioned functions or transactions, as the case may be, pursue interests, which may be adverse to the interests of the Security Holders or do not take them into account (the "**Conflicts of Interest**").

Potential conflicts of interest related to the Issue Price

The Securities will be offered at a price determined by the Issuer (the "**Issue Price**"). The Issue Price is based on internal pricing models of the Issuer and may be higher than the market value of the Securities. The Issue Price may contain, beside upfront, management or other fees, an additional premium that may not be obvious to the Security Holders. Such an additional premium depends on several factors, particularly on the volume of the Securities of each series as well as current and expected market conditions and market outlooks as of the time of the issuance of the Securities. The premium will be added to the original mathematical value of the Securities and may differ between each issue of the Securities as well as from the premiums charged by other market participants.

Potential conflicts of interest related to market maker activities

The Issuer, any of its affiliates and any other company that the Issuer has appointed as Market Maker may, but is not obliged to, undertake market making activities for the Securities. Through Market Making the liquidity and/or the value of the Securities may substantially be influenced. The prices quoted by a Market Maker may, to the detriment of the investor, substantially deviate from the mathematical (intrinsic) value of the Securities and usually do not correspond to the prices which would have been formed without Market Making and in a liquid market.

Potential conflicts of interest related to Distributors and inducements

From the Issuer Distributors may receive certain inducements in form of turnover-dependent placement- and/or management fees. Placement fees are one-off payments which, alternatively, may be granted by the Issuer in the form of an appropriate discount on the Issue Price. On the other hand, payment of management fees is recurring and dependant on the volume of the outstanding

Securities at the given point of time placed by the relevant Distributor. The amount of the relevant inducement will be agreed between the Issuer and the relevant Distributor, may be subject to change and may differ with respect to the individual Distributor and Series of Securities.

Potential conflicts of interest related to the function as calculation agent or paying agent

The Issuer, any Distributor or any of their affiliates may act as a calculation agent or paying agent in relation to the Securities. In this function, the relevant entity may, inter alia, calculate amounts to be distributed under the Securities and make adjustments or other determinations, as described in the Final Terms, i.e. by exercising its reasonable discretion (§ 315 German Civil Code, *Bürgerliches Gesetzbuch*, "**BGB**"). The aforementioned calculations, adjustments and determinations may adversely influence the value of, and/or the amounts to be distributed under the Securities and may be adverse to the interests of the respective Security Holder.

1) Possible limitations of the legality of purchase and lack of suitability of the Securities

There is the risk, that an investment in the Securities is illegal, unfavourable or not suitable for a potential investor.

The purchase, holding and/or disposal of certain Securities may, for certain investors, be prohibited, limited or associated with adverse regulatory or other consequences. It inter alia cannot be ruled out that the specific investor is restricted or not entitled to invest in the Securities due to supervisory regulations or that the investment is attached to special reporting or notification requirements (e.g. with respect to certain funds).

Additionally, the purchase or holding of Securities may be excluded or unsuitable under civil law agreements (e.g. if eligibility as trustee stock (Mündelsicherheit) is required) or may not be fully consistent with all investment policies, guidelines and restrictions applicable to it.

An investment in the Securities requires detailed knowledge of the features of the relevant Security. Thus, potential investors should have experience with investing in structured securities and the risks associated therewith. An investment in the Securities is only suitable for investors who

- have sufficient knowledge and experience in financial and business affairs to evaluate the merits and risks as well as the suitability of an investment in structured securities;
- have the ability to evaluate the merits and risks in the context of their financial situation on the basis of appropriate analytical tools or, in case of lack of knowledge, have the possibility to take respective professional advice;
- are able to bear the economic risk of an investment in structured securities for an indefinite period, and

- are aware that it may, during a substantial period of time or even at all, not be possible to sell the Securities.

Under consideration of the characteristics of the Securities and the substantial risks inherent in purchasing the Securities, the Securities may also not be an economically appropriate investment.

As a result, each potential investor must determine, based on its own independent review and, if applicable, professional advice, if the purchase, holding and disposal of the Securities fully complies with the investor's legal requirements, knowledge and experience and financial needs, objectives and circumstances (or if the investor is acquiring the Securities in a fiduciary capacity, the trustee).

m) Risks in connection with sustainability criteria of a Series of Securities

The Issuer may offer Securities taking into account sustainability criteria as per Sustainability Guidelines. Such sustainability criteria may change during the term of a Security.

The Issuer will continue to develop its voluntary Sustainability Guidelines further over time. Certain sustainability criteria may therefore be adjusted or weighted differently. Sustainability criteria may also change over time and as a result of evolving market practice.

Furthermore, regulatory measures are currently being prepared or implemented at the EU level which, inter alia, will probably have a considerable effect on the future classification of Securities on the basis of sustainability criteria.

Therefore, Security Holders should take into account that any sustainability classification of their Securities may subsequently change due to material changes in the sustainability criteria or formal changes in the context of new regulatory developments.

The sustainability classification may also change if the Issuer loses the status of a sustainable entity or the Underlying loses its status as a sustainable underlying and the sustainability classification of the Securities changes as a result.

The Security Holder's sustainability-related expectations, objectives or obligations to invest into securities with particular sustainability purpose may subsequently no longer be met in such cases. In case a Security Holder wishes or would be required to sell its Securities, a secondary market loss cannot be excluded.

4. Special material risks related to the Reference Assets

In this risk category, the specific risks with regard to the Reference Assets are described. The most material risk factors in this category are described first:

The Reference Asset can either be a bond or a loan (including German law governed *Schuldscheindarlehen*) of the Reference Entity. The Reference Entity and the Reference Asset are subject to particular risks, which must be observed.

a) Credit risks regarding the Reference Entity and the Reference Asset

Similar risks to a direct investment in bonds

The performance of Securities depend on the value of the Reference Asset, the payments made thereunder, the creditworthiness of the Reference Entity and its ability and willingness to perform its obligations under the Reference Assets or any other obligations.

The Security Holder is exposed to the economic and business risks of the Reference Entity. **If a Risk Event occurs, the Security Holder will suffer a partial or total loss of the capital invested.**

b) Specific Risks related to bonds and loans

Similar risks to a direct investment in bonds or loans

The performance of Securities linked to bonds or loans as Reference Assets primarily depends on the value of the Reference Asset, the payments made thereunder, the creditworthiness of the Reference Entity and its ability and willingness to perform its obligations under the Reference Assets or any other obligations. The Security Holder is exposed to the economic and business risks of the Reference Entity which depends on various factors. Obligations under the Reference Asset may rank after other obligations of the Reference Entity and may only be paid after other claims have been settled; the claims under the Reference Asset may not be protected by any compensation scheme or insurance coverage. Any payment outstanding under the Reference Asset may become subject to a debt restructuring and, therefore, may be reduced, waived, postponed, written down or converted (e.g. into equity) by mutual agreement between the Reference Entity and the respective holder of the Reference Asset or by majority voting of such holders and/or by an administrative order or a court ruling. The provisions of the Reference Asset may be contested in court and, as a consequence, may be held in whole or in part invalid or unenforceable. Accordingly, an investment in bond-linked or loan-linked Securities may bear similar risks to a direct investment in the respective bonds or loan. Any of the aforementioned risks may result in the occurrence of a Risk Event and/or Credit Event in relation to the Reference Asset (bond/loan) and/or the Reference Entity (issuer of the bond/borrower of the loan) and may result in an early termination of the

Securities and adjustments to the payments made under the Securities (as described in *Risks arising from financial markets turmoil as well as governmental or regulatory interventions and Risks related to an early redemption and Risk Events*).

Particular risks related to a bond or a loan (including German law governed Schuldscheindarlehen) as Reference Asset

Securities linked to a bond or loan as Reference Asset are not in any way sponsored, endorsed, sold or promoted by the issuer or borrower of any Reference Asset (the "**Reference Entity**") and such Reference Entity makes no warranty or representation whatsoever, express or implied, as to the future performance of any Reference Asset. Furthermore, such Reference Entity does not assume any obligation to take the interest of the Issuer or those of the Security Holders into consideration for any reason. The Reference Entity is not responsible for and has not participated in the determination of the timing of prices for or quantities of the Securities.

Securities linked to a bond or loan as Reference Asset may bear additional risks for Security Holders in cases where the Reference Asset are called or terminated by the Reference Entity early pursuant to its conditions or be postponed at maturity or otherwise. Such circumstances related to the Reference Asset can significantly negatively affect the value of the Securities and could constitute a risk event leading to an early redemption of the Securities.

c) Past performance no indication for a future performance

The past performance and payments of the Reference Asset, of other obligations of the Reference Entity or the creditworthiness of the Reference Entity itself provides no indication of the future performance of the Reference Entity. The amounts to be distributed under the Securities may therefore be substantially lower than these indicators may have suggested.

d) No rights of ownership of the Reference Asset

The Reference Asset will not be held by the Issuer for the benefit of the Security Holders, and as such, Security Holders will not obtain any rights of ownership (such as voting rights or other rights) with respect to the Reference Asset. Neither the Issuer nor any of its affiliates is obliged to acquire or hold the Reference Asset.

Subject to the provisions of the Trust and Pledge Agreement in case of Bond Linked Equity Securities, neither the Issuer nor any of its affiliates is restricted from selling, pledging or otherwise conveying all rights, titles and interests in the Reference Asset or any derivative contracts linked to it by virtue solely of having issued the Securities.

e) **No direct recourse against the Reference Entity under the Reference Asset**

A Security will not represent a claim against any Reference Asset and/or Reference Entity in relation to the Reference Asset's nominal amount and/or interest payable or, in case the Final Terms set out Physical Settlement as applicable, the amount of assets deliverable in respect of the Securities. Subject to the provisions of the Trust and Pledge Agreement in case of Bond Linked Equity Securities, in the event that the amount paid by the Issuer or value of the specified assets delivered on redemption of the Securities is less than the nominal amount of the Securities, a Security Holder will not have recourse under a Security to the Reference Entity in relation to any Reference Asset. Investors will be exposed to the risks that are associated with the relevant Reference Asset and may even suffer a total loss.

f) **Risks associated with foreign jurisdictions**

If the Reference Asset is subject to the jurisdiction of a country and/or the Reference Entity is located in a country whose legal system is not comparable with the legal system of the Federal Republic of Germany or other Industrialized Countries, investing in such Securities involves further legal, political (e.g. political changes) and economical (e.g. economic downturns) risks. In foreign jurisdictions possibly expropriation, taxation equivalent to confiscation, political or social instability or diplomatic incidents may occur. Transparency requirements, accounting, auditing and financial reporting standards as well as regulatory standards may in many ways be less strict than in industrialized countries. Financial markets in these countries may have much lower trading volumes than developed markets in industrialized countries and the obligations of many companies are less liquid and their prices are subject to stronger fluctuations than those of similar companies in industrialized countries.

g) **Risks of conflicts of interest related to the Reference Asset**

Reference Asset Linked Securities are linked to a Reference Asset. In this context, the following additional conflicts of interest may exist:

Potential conflicts of interest related to additional transactions

The Issuer, any Distributor or any of its affiliates may from time to time, without regard to the interests of the Security Holders, participate in transactions involving bonds, loans, shares or other securities, fund shares, futures contracts, commodities, indices, currencies or derivatives for their own account or for the account of their customers. Additional transactions may result in further liquidity constraints of the Reference Asset in particular, following hedging transactions in a Reference Asset with an already restricted liquidity.

Potential conflicts of interest related to the issuance of additional securities linked to the same Reference Asset

The Issuer, any Distributor and any of its affiliates may issue securities with respect to a Reference Asset on which securities already have been issued. An introduction of such new competing products may negatively affect the market value of the Securities.

Potential conflicts of interest related to Reference Asset

In the course of their business activities or otherwise, the Issuer, any Distributor or any of their affiliates may be in possession of or may acquire important Reference Asset-related information (also not publicly available) over the term of the Securities. The issuance of Securities does, in particular, not create any obligation to disclose such information (whether or not confidential), which is related to the Reference Asset to the Security Holders, or to consider such information in the course of the issuance of the Securities.

Potential conflicts of interest related to business activities

The Issuer, any Distributor or any of their affiliates may, without regard to the interests of the Security Holders, deal with other issuers, any of their affiliates, competitors or any guarantor and engage in any kind of commercial or investment banking or other business activities. Any such action may, with respect to the Security Holders, adversely affect the price of the Reference Asset.

Potential conflicts of interest related to other functions of the Issuer

The Issuer, any Distributor and any of their affiliates may, without regard to the interests of the Security Holders, act as a member of a syndicate of banks, as financial advisor or as a bank of the Reference Entity or another issuer prior or after the issuance of the Securities. In the course of the aforementioned functions actions may be taken or recommendations may be made which, with respect to the Security Holders, may adversely affect the Reference Asset.

h) Risks arising from negative effects of hedging arrangements by the Issuer on the Securities

The Issuer may use a portion of or the total proceeds from the sale of the Securities on transactions to hedge against price risks of the Issuer resulting from the Securities. In such case, the Issuer or any of its affiliates may conclude transactions that relate to the Reference Assets under the Securities or any other obligations of the Issuer. Generally, such transactions are concluded prior to or on the issue date, but it is also possible to conclude such transactions after the issue date. The entering or the liquidation of hedging transactions by the Issuer may, in individual cases, adversely affect the price of the Reference Asset and/or payments to be made thereunder.

On or prior to any early redemption, the Issuer or any of its affiliates may take the steps necessary to terminate any hedging arrangements. It cannot, however, be ruled out that the market value of the Reference Asset in the case of an early redemption following a Risk Event will be influenced by such transactions in individual cases. Entering into or closing out these hedging arrangements may have a negative effect on the market price of the Securities and/or on the amounts payable under the Securities on early redemption.

5. Specific material risks related to Reference Rates

In this risk category, the specific risks with regard to the Reference Rates of the Securities are described. The most material risk factors in this category are described first:

a) Risks related to the cessation of publication of the Reference Rate

The final cessation of the publication of the Reference Rate may lead to an adjustment of the Terms and Conditions of the Security. The Securities can also be terminated.

It cannot be ruled out that publication of a Reference Rate will be discontinued. In particular, regulatory requirements (in particular in respect to the regulation of so-called Benchmarks) may result in a Reference Rate not being available for the entire term of the Securities (see also section "II.B.5.c) Risks related to the regulation of Benchmarks" on page 32 et seq.).

Any replacement may have a significant negative impact on the value, the future performance of the Securities or payments under the Securities and may change the structure and risk profile of the Securities. Under certain circumstances the Issuer may extraordinarily early terminate the Securities. In this case, the Securities will be redeemed early at the Cancellation Amount (as defined in the relevant Final Terms) instead of a redemption on the Scheduled Maturity Date. If the Cancellation Amount is lower than the Issue Price or the Purchase Price, as the case may be, the respective Security Holder will suffer a partial or total loss of his amount paid to purchase the Securities. In this case, the Security Holders are also exposed to a reinvestment risk, i.e. they may only reinvest the principal received due to an early repayment of the Securities to less favourable conditions, compared to the initial investment in the Securities.

b) Risks related to the calculation of the Reference Rate

Changes, errors or manipulation in the calculation of a Reference Rate may have a material adverse effect for the Security Holder on the Reference Rate.

The rules for a Reference Rate can be subject to changes from time to time. This may be the case, for example, due to regulatory requirements (in particular for the regulation of so-called Benchmarks) (see also section "II.B.5.c) Risks related to the regulation of Benchmarks" on page 32 et seq.). In particular, such changes may result in the method by which the Reference Rate is

determined no longer being comparable to the method used before the adjustment. Such a change could, for example, affect the source of so-called input data. A change to the rules for a Reference Rate may have a material adverse effect for the Security Holder on the Reference Rate.

Moreover, it cannot be excluded that the determination or disclosure of Reference Rates may be subject to inaccuracies or even manipulation by the persons responsible for their determination and/or disclosure or by other market participants. Such inaccuracies or manipulations are difficult or impossible to detect for third parties and may have a material adverse effect on the price of the Reference Rate for the Security Holder.

c) Risks related to the regulation of Benchmarks

There is the risk that the regulation of Reference Rates leads to an adjustment of the Terms and Conditions of the Security. Early termination of the Securities is also possible.

The Reference Rate may be a so-called benchmark (the "**Benchmark**") within the meaning of the Regulation (EU) 2016/1011³ (the "**Benchmark Regulation**").

According to the Benchmark Regulation, the Issuer may use a Benchmark as the Reference Rate of the Securities only if its administrator (the "**Benchmark Administrator**") or the Benchmark itself is entered in a public register. Exception: The Transitional Period (as defined below) under the Benchmark Regulation has not yet expired. In general, the "**Transitional Period**" ended on 31 December 2019. However, for existing Benchmarks which have been recognised by the European Commission as critical benchmarks the Transitional Period ends on 31 December 2021. Furthermore, for certain Benchmarks which are provided by a Benchmark Administrator located in a third country the Transitional Period is scheduled to end on 31 December 2023.

This means: There is a risk that a Benchmark may no longer be used as its Reference Rate for Securities after the end of the Transitional Period or that its publication will be discontinued. In this case, the Calculation Agent is entitled to replace the Reference Rate and, if necessary, to make further adjustments to the Terms and Conditions of the Securities (see also section "a) Risks related to the cessation of publication of the Reference Rate"). This may, under certain circumstances, adversely affect the value of the Securities and the amounts payable under the Securities. Furthermore, in such a case, the Issuer is also entitled to an extraordinary termination of the relevant Securities (see also section "a) Risks related to the cessation of publication of the Reference Rate").

Moreover, the Benchmark Regulation may require to modify the methodology or other provisions of a Benchmark in order to allow it to continue to be provided or used. As a result of such a measure,

³ Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014.

the Benchmark may vary significantly. Such a change may, in particular, have an adverse effect on the risk profile of the Benchmark and its future price performance.

The Benchmark Regulation leads to an increase in the regulatory requirements and controls with regard to the Benchmarks. This may increase the costs and risks associated with the management of such Benchmarks. Other currently unforeseeable effects on the calculation of Benchmarks are also conceivable. This may, for example, lead to the discontinuation of the calculation and publication of a Benchmark as a consequence of the Benchmark Regulation.

The impermissibility of using a Benchmark, the cessation of the Benchmark or a material change in its calculation or publication can entitle the Issuer to adjustments to the Terms and Conditions of the Securities. In this case in particular the original Reference Rate may be replaced by another Benchmark. Early termination of the Securities is also possible.

Furthermore, a termination of the listing or trading of the Securities on an exchange cannot be excluded. In this situation, Security Holders could be subject to the risk of lack of trading or trading with limited liquidity in the Securities.

III. INFORMATION ON THE SECURITIES NOTE

A. Responsibility Statement

UniCredit Bank AG having its registered office at Arabellastraße 12, 81925 Munich, Germany accepts responsibility for the information contained in this Securities Note. UniCredit Bank AG declares that, to the best of its knowledge, the information contained in this Securities Note is in accordance with the facts and that the Securities Note makes no omission likely to affect its import.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Securities Note or any other information supplied in connection with the Programme and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer.

The information contained in this Securities Note are made in relation to the date of this Securities Note and may become incorrect or incomplete in case of changing circumstances. The Issuer will publish every new significant new factor, material mistake or material inaccuracy in relation to information contained in the Securities Note. Such publication will be made pursuant to Article 23 (1) and (2) PR in a supplement to the Securities Note.

B. Third Party Information

The Issuer confirms that the information by third parties in this Securities Note and in the Final Terms, as applicable, has been accurately reproduced and that so far as the Issuer is aware and able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer will identify the source(s) of such information in the Final Terms in "Section A" under "Additional information".

To the extent additional information is included in the Final Terms (for example, with regard to information about the Reference Rate), the respective source for the corresponding information is stated at the relevant place.

Reference may also be made to websites for information about the Reference Rate and the respective Final Terms. These websites can be used as a source of information for the description of the Reference Rate. The Issuer assumes no warranty for the accuracy of the content and the completeness of the data shown on the websites.

C. Information on the approval and the notification of the Securities Note

This Securities Note has been approved by the CSSF. The CSSF thereby acts in its capacity as the competent authority in accordance with the PR.

The CSSF only approves this Securities Note as meeting the standards of completeness, comprehensibility and consistency imposed by the PR. Such approval should not be considered as an endorsement of the Issuer or the quality of the Securities that are subject to this Securities Note. Investors should make their own assessment as to the suitability of investing in the Securities.

Under this Securities Note Reference Asset Linked Securities may only be admitted to trading on a regulated or other equivalent market in Luxembourg and Italy. For this purpose, CSSF at the request of the Issuer has provided an electronic copy of this Base Prospectus and a certificate of its approval to the competent authorities in these countries pursuant to Article 25 PR (Notification). This certificate states that the Base Prospectus has been prepared in accordance with the PR.

D. Publication of this Securities Note

The Securities Note, any supplement to the Securities Note and the respective Final Terms are available on the website as specified in the respective Final Terms or on any successor website. In addition, the Securities Note, any supplement to the Securities Note and, if the relevant Securities are listed on the Luxembourg Stock Exchange, the respective Final Terms will be automatically published on the website of UniCredit AG (<https://www.onemarkets.de/de/rechtliches/basisprospekte.html>) and on the website of the Luxembourg Stock Exchange (<https://www.bourse.lu>).

E. Other notes

In connection with the issuance, sale or offer of the Securities, no person has been authorised to give any information or to make any representation not contained in this Securities Note.

Neither this Securities Note nor any other information supplied in connection with the Securities constitute a recommendation, an offer or invitation by or on behalf of the Issuer to any person to subscribe for or to purchase any Securities.

IV. INFORMATION ON THE OFFER AND THE ADMISSION TO TRADING

A. Information on the offer of the Securities

1. General information on the offer of Securities

The Securities can be offered to institutional investors and/or other qualified investors. The restrictions described in section "X.A. Selling Restrictions" on page 134 et seq. must be observed.

2. Additional information about the offering of the Securities

The specific conditions and requirements for the offering of the Securities will first be fixed shortly before publication of the Final Terms. The following conditions and requirements will be published in the Final Terms:

- (i) information about the increase of Securities which have already been issued;
- (ii) smallest transferable and/or tradable unit or amount;
- (iii) the conditions for the offer of the Securities;
- (iv) further information on how the Securities may be purchased.

3. Issue Price of the Securities

The "**Issue Price**" is the price at which the Securities will first be offered for purchase.

It will be set out in the Final Terms.

4. Costs and expenses charged to the subscriber or purchaser

The purchase of Securities entails costs and expenses for the subscriber or purchaser. In particular, the following costs and expenses can be charged to the subscriber or purchaser:

- an offering premium,
- a sales commission,
- other commissions.

These and all other costs and expenses which the Issuer will charge to the subscriber or purchaser will be specified in the relevant Final Terms.

IV. Information on the Offer and the Admission to Trading

The Issue Price as well as the bid and ask prices provided by the Issuer during the term of the Securities are based on the internal pricing models of the Issuer. Apart from the costs and expenses mentioned above, they can also include an expected margin which is not visible for the investor. This remains with the Issuer. This margin can principally include costs which the Issuer has incurred or it will incur. Example: costs of the Issuer for the structuring of the Securities, costs for the hedging of the Issuer and costs for distribution.

If known to the Issuer, it will also indicate in the relevant Final Terms the costs and expenses in accordance with Regulation (EU) 2186/2014 or Directive 2014/65/EU, which are included in the Issue Price itself.

Other costs and expenses associated with the purchase of the Securities which are charged to the subscriber or the buyer, for example, by his principal bank, stock exchange or other third party, shall be requested there.

5. Issuance and delivery of the Securities

The Securities will be issued on the relevant Issue Date. The "**Issue Date**" will be specified in the relevant Final Terms.

As of the Issue Date, the Securities will be delivered to the subscriber or purchaser, as applicable.

With respect to the delivery of the Securities one of the following options may be specified in the Final Terms:

Delivery against payment

The Securities are delivered to the subscriber or purchaser, as applicable against the payment of the Issue Price.

Delivery without payment:

The Securities are delivered to the subscriber or purchaser, as applicable irrespective of the payment of the Issue Price.

Alternatively, a different system of payment and delivery may be specified in the Final Terms.

With regard to a purchase of the Securities after the Issue Date, delivery will occur in accordance with local market practice.

The size of an issuance of Securities is expressed by either the Issue Volume or the Aggregate Nominal Amount. The "**Issue Volume**" refers to the number of individual notes or certificates being

IV. Information on the Offer and the Admission to Trading

part of an issuance of Securities. In contrast, the "**Aggregate Nominal Amount**" refers to the product of the Issue Volume and the Nominal Amount. The Issue Volume or the Aggregate Nominal Amount will be specified in the Final Terms. The Securities will be offered or admitted to trading in an amount equal to the Issue Volume or the Aggregate Nominal Amount, as applicable.

B. Information on the admission of the Securities to trading

1. Admission to trading and listing of the Securities

The Issuer may make an application to admit the Securities to trading on a regulated or other equivalent market, inter alia, the listing of the Securities on the official list of the Luxembourg Stock Exchange and admission to trading of the Securities on the regulated market of the Luxembourg Stock Exchange. In such a case the relevant Final Terms set out the regulated or other equivalent markets and the earliest date (if known) on which the Securities are or will likely be admitted to trading.

The Securities may also be issued without being admitted to trading, listed or traded on any regulated or other equivalent market, any other stock exchange, any other market and/or trading system. If this is the case, the CSSF has neither reviewed nor approved the information contained in this Securities Note in relation to any issuance of unlisted Securities.

Even if the Issuer makes such application there is no guarantee that this application will be granted or that an active trading will occur or develop.

2. Market Maker and intermediaries in secondary trading

The Issuer can commission a third party to provide liquidity for the relevant Security (the "**Market Maker**"). The Issuer may also act itself as Market Maker. There is however no obligation to do so. The Market Maker will, in accordance with the relevant rules of the respective trading locations, regularly submit bid and ask prices (purchase and selling prices) during the normal trading hours for the Securities under normal market conditions.

If the Issuer retains intermediaries in secondary trading, the names and addresses of these institutions will be set out in the Final Terms. This information will only be given if intermediaries engage in secondary trading on the basis of a binding commitment. The publication in the Final Terms then describes the main conditions for the intermediary's commitment.

C. Other information

1. Interest of natural and legal persons involved in the issuance / offering of the Securities

Any of the Distributors and their affiliates may be customers of, and borrowers from the Issuer and its affiliates. In addition, any of such Distributors and their affiliates may have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Therefore, the Distributors and their affiliates may have a particular interest in the Issuer's economic success and the continuance of their business relationship with the Issuer.

Besides, conflicts of interest in relation to the Issuer or the persons entrusted with the offer may arise for the following reasons which may result in a decision to the Security Holder's disadvantage:

- The Issuer specifies the Issue Price.
- The Issuer and one of its affiliates act as Market Maker of the Securities (however, no such obligation exists).
- Distributors may receive inducements from the Issuer.
- The Issuer, any Distributor and any of their affiliates act as Calculation Agent or Paying Agent in relation to the Securities.
- From time to time, the Issuer, any Distributor and any of its affiliates may be involved in transactions on their own account or on the account of their clients, which affect the liquidity or the value of the Reference Assets .
- The Issuer, any Distributor and its affiliates may issue securities in relation to the Reference Asset and/or Reference Entity on which already other securities have been issued.
- The Issuer, any Distributor and any of its affiliates may possess or obtain material information about the Reference Asset and/or Reference Entity (including publicly not accessible information) in connection with its business activities or otherwise.
- The Issuer, any Distributor and any of their affiliates may engage in business activities with the Reference Entity, its affiliates, competitors or guarantors.
- The Issuer, any Distributor and any of their affiliates may also act as a member of a syndicate of banks, as financial advisor or as bank of a Reference Entity.

IV. Information on the Offer and the Admission to Trading

- The Issuer or one of its affiliates may act as index sponsor, index calculation agent, index advisor or index committee.
- The Issuer or one of its affiliates may act as an investment advisor.

2. Use of Proceeds and Reasons for the Offer

The net proceeds from each issue of Securities by the Issuer will be used for its general corporate purposes, i.e. making profit and/or hedging certain risks.

3. Publications after completed issuance of the Securities

The Issuer will not publish any information about the Securities and the relevant Reference Asset after issuing the Securities. Exemption: The Terms and Conditions provide for the publication of a notification in certain situations. In these situations, the publication will take place pursuant to § 6 of the General Conditions to the Securities on the websites set forth in the Final Terms. The Issuer is entitled to replace these websites by a corresponding successor site communicated pursuant to § 6 of the General Conditions to the Securities.

The Issuer will publish significant new factors, material mistakes or important new circumstances or material inaccuracies with regard to the information contained in the Base Prospectus. The publication will be made in a supplement to this Base Prospectus pursuant to Article 23 of the PR.

4. Information regarding the Sustainability of the Securities

a) Securities and sustainability criteria

The Issuer may offer Securities taking into account sustainability criteria as per its Sustainability Guidelines.

b) Information on the Sustainability Guidelines

The Sustainability Guidelines of the Issuer set out the Issuer's strategy for taking into account sustainability criteria from an ESG perspective. ESG is a common abbreviation in connection with sustainable investments and represents the three terms environment, social and governance. The Issuer thereby also takes into account industry standards for securitised derivatives.

The Issuer implements a graded and, depending on the respective Product Type, defined procedure in relation to sustainability criteria of a specific issue of Securities.

A classification of the Securities under the Sustainability Guidelines is performed in relation to the Issuer as well as in relation to the respective Underlying based on the sustainability analysis

IV. Information on the Offer and the Admission to Trading

undertaken in accordance with the Sustainability Guidelines. Thereby the Issuer may also rely on the sustainability analysis of third parties.

The classification of Securities with regard to sustainability criteria to be applied are still at an early stage. The Sustainability Guidelines will accordingly be further developed and may be subject to future changes. In particular, a future alignment with Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment and amending Regulation (EU) 2019/2088 (EU Taxonomy Regulation) may be made.

The Sustainability Guidelines are voluntary internal guidelines which are not subject to any legal provisions and are not or will not be reviewed or approved by any regulatory authority. They are not part of this Securities Note. The Sustainability Guidelines can be updated or withdrawn at any time.

The current version of the Sustainability Guidelines, will be available on the Website of the Issuer after their publication. The "Website of the Issuer" will be specified in the Final Terms.

V. GENERAL INFORMATION ON THE SECURITIES

A. Information on the Securities

1. Type, form, currency and ISIN of the Securities

The Securities can be issued as notes or as certificates with a Nominal Amount.

The form and content of the Securities is governed by German law. The same applies to all rights and obligations of the investors and the Issuer. The Securities, as bearer securities, are transferrable in accordance with the provisions in German securities law.

With respect to the form of the Securities one of the following options may be specified in the Final Terms:

Option: Securities in Global Note form

The Securities will be represented by a bearer global note (the "**Global Note**") without interest coupons. The Global Note will be held in custody by the Clearing System. The "**Clearing System**" will be specified in the Final Terms. The right to receive Securities in definitive form is excluded. The rights of the Security Holders – including any claims for interest – result from the Global Note. The Securities are transferrable as co-ownership interest in the Global Note pursuant to the relevant regulations of the respective Clearing System.

Option: Electronic Securities in the form of Central Register Securities

The Securities will be electronically issued in bearer form as central register securities (*Zentralregisterwertpapiere*) within the meaning of § 4 (2) of the German Act on Electronic Securities (*Gesetz über elektronische Wertpapiere – eWpG*) and represented by a collective safe custody entry (*Sammeleintragung*) in the central register. The "Central Register" (also defined as "Clearing System" herein) will be specified in the Final Terms. The right to receive Securities in definitive form is excluded. The Securities are transferrable as co-ownership interest in the Securities pursuant to the relevant regulations of the respective Clearing System and applicable law. The Issuer may obtain a right in the Terms and Conditions to replace the electronic registration of the Securities by a global note pursuant to § 6 (2) No. 2 eWpG.

The Global Note will be held in custody by the Clearing System. The "**Clearing System**" will be specified in the Final Terms. Securities may be cleared, separately or jointly, through Euroclear Bank SA/NV as operator of the Euroclear system (1 Boulevard du Roi Albert IIB, 1210 Brussels, Belgium) ("**Euroclear Bank**"), Clearstream Banking société anonyme, Luxembourg (42 Avenue JF Kennedy, L-1855 Luxembourg, Luxembourg) ("**Clearstream Banking SA**" or "**CBL**"), Clearstream Banking AG, Frankfurt am Main (Mergenthalerallee 61, 65760 Eschborn, Germany)

("Clearstream Banking AG" or "CBF"), and/or any alternative clearing system as specified in the Final Terms.

The right to receive Securities in definitive form is excluded. The rights of the Security Holders – including any claims for interest – result from the Global Note. The Securities are transferrable as co-ownership interest in the Global Note pursuant to the relevant regulations of the respective Clearing System.

In any case, potential investors should take note of the Selling Restrictions for each offer countries described in section "X.A. Selling Restrictions" on page 134 et seq. The Securities may be issued in different Specified Currencies, such as Euros or US-Dollars. That means that all payments out of and under the Securities will be made in the Specified Currency. The Specified Currency will be specified in the Final Terms.

An International Security Identification Number (the "ISIN") will be assigned to the Securities. The ISIN will be specified in the relevant Final Terms. Additionally, the Final Terms may specify further identifiers or codes for the Securities (such as the German Securities Identification Number (*Wertpapierkennnummer*) "WKN").

2. Status of the Securities, Ranking in case of a resolution of the Issuer

The Securities constitute direct and unsecured obligations of the Issuer. The Securities rank *pari passu* with all other unsecured and unsubordinated obligations of the Issuer. Exception: obligations which have a preference or subordination under the law.

The recovery and resolution laws applicable to the Issuer comprising the

- Regulation (EU) No 806/2014 ("**SRM**"),
- the Restructuring and Resolution Act (*Sanierungs- und Abwicklungsgesetz* – "**SAG**") implementing the Directive 2014/59/EU of 15 May 2014 (BRRD), and
- the German Banking Act (*Kreditwesengesetz* – "**KWG**")

provide for regulatory requirements and administrative powers for the restructuring and resolution of a credit institution and their groups ("**Institutions**"). This may adversely affect the market value of the issued debt securities as well as rights in connection with the issued debt securities.

According to the SRM and the SAG, shareholders and creditors, which have purchased financial instruments issued by those Institutions, may participate in an Institution's losses and the costs of the resolution; so-called instruments of creditor participation (*Gläubigerbeteiligung*).

V. General Information on the Securities

This means, that the Securities of the Issuer, as an Institution, are also subject to the instrument of creditor participation.

The prerequisites for a resolution are met under the SAG, when BaFin, as the relevant resolution authority, makes the following determinations:

- that the Issuer is failing or likely to fail,
- that in order to achieve one or more resolution objectives, exercising a resolution measure is necessary and proportionate,
- that the failure of the Issuer cannot be remedied within the given timeframe with any other measure.

If, according to the determinations of the relevant resolution authority, these prerequisites are met with regard to an Institution, the resolution authority can – even before the insolvency of the Institution – undertake comprehensive measures, which can be detrimental to creditors (such as the Security Holders). The resolution authority can, for example, transfer shares in the Institution or parts or the entirety of the assets of the Institution, including its liabilities, to a bridge institution, an asset management company or another suitable third party and thereby compromise the Institution's ability to honour its payment and delivery obligations towards the creditors of the financial instruments it has issued – and therefore towards the Security Holders of the Securities issued by the Issuer.

Furthermore, in accordance with the SAG the resolution authority is entitled to write down the claims of holders of unsecured Securities of the Issuer described in this Securities Note partially or completely or to convert them into equity (stock or other forms of shares) in the Issuer (so-called "**Bail-in**"), in order to stabilise the Issuer as an Institution.

The resolution authority can also suspend the payment and delivery obligations of the Issuer as an Institution, e.g. resulting from the Terms and Conditions towards the Security Holders, or the option of the Security Holders to exercise any termination or any similar rights (*Gestaltungsrechte*) according to the Terms and Conditions of the Securities issued by the Issuer until the banking day following the publication of the resolution order. Under certain circumstances, the resolution authority can also amend contractual provisions regarding the obligations of the Institution, including the Terms and Conditions of the Securities issued by the Issuer, or cancel or suspend trading of securities of the Issuer on a regulated market or the listing.

If a resolution authority takes a measure in accordance with the SAG, the Security Holder is not entitled based on this measure alone, to terminate the Securities or to exercise other contractual rights, as long as the Issuer as an Institution is still performing its main obligations

(*Hauptleistungspflichten*) resulting from the Terms and Conditions, including its payment and delivery obligations.

For the purposes of a bail-in, the claims of the creditors of the Issuer as an Institution, like the holders of the unsecured Securities of the Issuer described in this Securities Note, will be divided into several groups and will participate according to a fixed ranking (the "**Liability Cascade**").

First in the Liability Cascade are owners of the Issuer as an Institution (i.e. holders of stock and other shares), then it is the creditors of Additional Tier 1 instruments or of Tier 2 instruments and creditors of unsecured subordinated liabilities (this includes for example subordinated loans and participation rights) of the Issuer.

The next category consists of unsecured, unsubordinated liabilities which also includes debt liabilities such as bearer bonds, order bonds (*Orderschuldverschreibungen*), registered bonds and *Schuldscheindarlehen*. Exception: covered deposits or indemnifiable (*entschädigungsfähig*) deposits.

Within this category, there are non-structured debt instruments, which get assigned a lower ranking in case of insolvency proceedings than other unsecured, unsubordinated liabilities. The lower ranking can be based on statutory regulation or an explicit provision by the borrower in the terms. These so-called non-preferred debt instruments rank above the other unsecured, unsubordinated liabilities pursuant to the Liability Cascade.

The Securities described in this Securities Note are "**Senior Securities**", that means that they rank below the non-preferred debt instruments pursuant to the Liability Cascade. Accordingly, in the case of a bail-in, you will be impacted only after the holders of these non-preferred debt instruments.

3. Description of the rights arising from the Securities (including their limitation)

a) Interest on the Securities

The Securities can be issued either as (i) zero coupon Securities, (ii) Securities with a fixed or floating interest rate, (iii) Securities with a fixed interest amount. In case of interest bearing Securities, the Securities bear interest from the Interest Commencement Date until the Interest End Date. The "Interest Commencement Date" and "Interest End Date" will be specified in the relevant Final Terms.

The relevant Interest Amount will be calculated by multiplying the product of the Interest Rate with the Nominal Amount, as applicable, with the Day Count Fraction.

In case of Securities with a fixed interest amount, the relevant Interest Amount will be calculated by the fixed interest amount divided by the number of units (the "**Number of Units**").

V. General Information on the Securities

Payment of interest will be made on the relevant Interest Payment Dates. The "Interest Payment Date" will be specified in the relevant Final Terms.

Further information on interest payments on the Securities is described in section "VI. DESCRIPTION OF THE SECURITIES" on page 50 et seq.

b) **Redemption of the Securities**

The Securities have a fixed term, which may be reduced in certain circumstances. The Securities can be issued either as Securities with cash settlement or as Securities with physical delivery. Further information on the redemption of the Securities are set out in section "VI. DESCRIPTION OF THE SECURITIES" on page 50 et seq.

c) **Extraordinary Termination of the Securities by the Issuer**

All Securities can be extraordinarily terminated by the Issuer upon the occurrence of a Reference Rate Call Event and be redeemed at the Cancellation Amount.

The "**Cancellation Amount**" is the fair market value of the Securities on the tenth Banking Day or any other day specified in the Final Terms prior to the effective date of the extraordinary termination under then prevailing circumstances. The market value is determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).

d) **Rescission by the Issuer / Corrections**

Obvious typing and calculation errors or similar obvious errors in the Terms and Conditions of German law Securities entitle the Issuer to rescission vis-à-vis the Security Holders. The Issuer may combine the declaration of rescission with an offer to continue the Securities under amended Terms and Conditions.

Furthermore, the Issuer is entitled to correct or amend incomplete or inconsistent provisions in the Terms and Conditions in its reasonable discretion (§ 315 et seq. BGB).

If in such case an admission of the Securities for trading is planned, the Issuer will publish a corrected version of the Final Terms of the respective Securities and, if the legal requirements are fulfilled (in particular, a material inaccuracy of the Base Prospectus), publish in advance a supplement to this Base Prospectus pursuant to Article 23 of the PR.

e) **Replacement Reference Rate**

If, during the term of the Securities, the Reference Rate is not provided or may no longer be used (for example for regulatory reasons) or the Reference Rate changes significantly, the Reference

Rate shall be replaced by the Calculation Agent by a reference rate that is economically appropriate. The Calculation Agent determines the Replacement Reference Rate in its reasonable discretion (§ 315 et seq. BGB).

f) Tax

Payments under the Securities will be made only after deduction and withholding of present or future taxes, to the extent that such deduction or withholding is required by law.

g) Presentation Period

The presentation period for German law securities provided for in § 801 (1) sentence 1 BGB is reduced to ten years for the Securities.

4. Payments and Agents

Payments

Under the Securities, payments of the Issuer to the Security Holders are made as follows: All payments shall be calculated by the Calculation Agent in accordance with the Terms and Conditions. The Issuer then pays the amounts due to the Principal Paying Agent. The Principal Paying Agent shall pay the amounts due to the Clearing System. The Clearing System credits these payments to the respective accounts of the depository banks. The depository banks then credit the payments to the respective accounts of the Security Holders. The payment to the Clearing System will discharge the Issuer from its obligations under the Securities in the amount of such a payment.

The "**Principal Paying Agents**" under the Programme are UniCredit Bank AG, Arabellastraße 12, 81925 Munich, Germany and (for Securities deposited with Clearstream Banking SA and Euroclear Bank) Citibank, N.A., London Office, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom.

The "**Calculation Agent**" under the Programme is UniCredit Bank AG, Arabellastraße 12, 81925 Munich, Germany or any other Calculation Agent specified in the Final Terms.

If the due date for any payment under the Securities (the "Payment Date") is not a Banking Day then the Security Holders shall not be entitled to payment until the next following Banking Day. The Security Holders shall not be entitled to further interest or other payments in respect of such delay. Which days will be considered "Banking Days" will be specified in the Final Terms.

Agents

Principal Paying Agents under the Programme are UniCredit Bank AG, Arabellastraße 12, 81925 Munich, Germany and (for Securities deposited with Clearstream Banking SA and Euroclear Bank) Citibank, N.A., London Office, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom.

Calculation Agent under the Programme is UniCredit Bank AG, Arabellastraße 12, 81925 Munich, Germany.

Luxembourg Listing Agent under the Programme is BNP Paribas Securities Services, Luxembourg Branch, 60, avenue J.F. Kennedy, L-1855 Luxembourg, Luxembourg.

The Issuer may decide to appoint another Principal Paying Agent and/or Calculation Agent for the Securities issued under the Securities Note. The relevant details of such alternative Principal Paying Agent and/or Calculation Agent will be specified in the Final Terms.

5. Information according to Article 29 of the Benchmark Regulation

The Reference Rate may be Benchmarks within the meaning of the Regulation (EU) 2016/1011⁴ ("**Benchmark Regulation**"). A "**Benchmark**" is a published figure which is referenced to determine payments under a financial instrument (e.g. the Securities). In connection with the Securities, Benchmarks can include:

- a Reference Rate.

The Benchmark Regulation sets out the tasks and obligations of all parties contributing to the Benchmark. This includes the so-called "**Benchmark Administrators**" who control the provision of the Benchmark. In addition, it includes provisions for certain companies that use Benchmarks (for example by issuing Securities which reference a Benchmark as the Reference Rate). The Issuer can act as Benchmark Administrator or as a company using a Benchmark.

Furthermore, according to the Benchmark Regulation the Issuer is subject to special information duties with regard to this Securities Note. This includes the information, whether the benchmark is provided by a Benchmark Administrator who is registered in the register accordance with Article 36 of the Benchmark Regulation (a "**Registered Benchmark Administrator**"). In case the relevant Securities reference a Benchmark, the Final Terms will specify whether this is the case as the

⁴ Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014.

V. General Information on the Securities

relevant Benchmark that is the Reference Rate for the respective issuance of Securities and the respective Benchmark Administrator are not known as of the date of this Securities Note.

B. Information on the Reference Asset

The Securities are linked to the performance of a Reference Asset. A Reference Asset may be a bond or a loan (including German law governed Schuldscheindarlehen). The Reference Asset will be specified in the Final Terms. In case of a loan, the Final Terms will give details of the terms of the loan in Annex I thereto.

C. Information on the Reference Rate

The Reference Rate is the main influencing factor for interest payments on Floating-Rate Securities. Additionally, the Reference Rate influences the value of such Securities not insignificantly. If the Reference Rate increases, the value of the Securities generally also increases, leaving aside any other market influencing factors (in particular the price of the Reference Asset). If the Reference Rate decreases, the value of the Securities generally also decreases, leaving aside any other market influencing factors (in particular the price of the Reference Asset).

The Reference Rate is a published reference interest rate in a specified currency for a designated term. Additionally, the Final Terms specify where Information on the Reference Rate may be obtained, including information on where electronic information on past and future developments of the Reference Rate and its volatility may be found and if such Information is available free of charge or not.

VI. DESCRIPTION OF THE SECURITIES

A. General information on all Product Types

The Securities will be issued as notes or certificates constituting debt instruments in bearer form (*Inhaberschuldverschreibungen*) pursuant to § 793 BGB. The Nominal Amount per Security will be specified in the relevant Final Terms. The Nominal Amount shall be not less than EUR 100,000.

The definitions of the defined terms used herein are specified in the Conditions (as defined in the section "VII. Conditions of the Securities") on page 59 et seq. The Conditions of the Securities comprise Part A – General Conditions of the Securities, Part B - Product and Reference Asset Data and Part C – Special Conditions of the Securities. The information set out below provides an overview of the Product Types which may be issued under this Programme.

B. Detailed information on the Securities Fix Rate Reference Asset Linked Securities (Product Type 1)

1. General description of the Securities

Fixed Rate Reference Asset Linked Securities are securities whose redemption is linked to a Reference Asset i.e. to payments which are scheduled to be paid under or received from the Reference Asset. The Reference Asset can be either a bond or loan (including German law governed *Schuldscheindarlehen*) of a corporate, a financial or a sovereign entity (the "**Reference Entity**"). The payment of interest and the redemption is negatively affected by the occurrence of certain events in relation to the Reference Asset or the Reference Entity ("**Risk Events**"). The Issuer will pay interest, if any, and redeem the Securities on the Settlement Date at the amount scheduled to be paid or delivered only if no Risk Event has occurred. Thus, the Security Holders bear the credit risk of the Issuer and the Reference Entity. Fixed Rate Reference Asset Linked Securities are issued with a minimum denomination of 100,000 Euro.

2. Redemption

(i) Cash Settlement

Subject to Early Redemption the Securities with cash settlement are redeemed on the Settlement Date by payment of the Redemption Amount in the Specified Currency.

In the case of Securities with a *Specified Redemption Amount* the Redemption Amount to be paid is calculated as follows: Specified Redemption Amount (less a Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

VI. Description of the Securities

In the case of Securities with a *Scheduled Reference Asset Redemption Amount* the Redemption Amount to be paid is calculated as follows: the Scheduled Reference Asset Redemption Amount in the Specified Currency (less a Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

In the case of Securities with a *Reference Asset Redemption Amount* the Redemption Amount to be paid is calculated as follows: the Reference Asset Redemption Amount (less a Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

If the Reference Currency is not equal to the Specified Currency, then any amount required for the determination of the redemption amount received shall be converted by the Calculation Agent at the FX Exchange Rate as per the relevant FX Valuation Date.

(ii) Physical Settlement

Subject to Early Redemption the Securities with physical settlement are redeemed on the Settlement Date by delivery of the Redemption Delivery Amount and payment of a Supplemental Cash Amount, where relevant.

The Redemption Delivery Amount is calculated as follows: the Aggregate Reference Asset Nominal Amount (less any Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

3. Interest

The Securities can be issued either as (i) zero coupon Securities, (ii) Securities with a fixed interest amount, (iii) Securities with a fixed interest rate.

Zero coupon Securities

Zero coupon Securities will not bear interest. They may be issued either (i) at a discount to the Nominal Amount where the redemption amount is equal to the Nominal Amount or (ii) at the Nominal Amount where the Redemption Amount is greater than the Nominal Amount.

Securities with a fixed interest amount

Securities with a fixed interest amount pay on the respective Interest Payment Date an Interest Amount specified in the relevant Final Terms.

In case of Securities with a *Specified Interest Amount* the respective Interest Amount is calculated as follows: the Specified Interest Amount (less an Interest Adjustment Amount, as the case may be) divided by the number of units of the Securities.

VI. Description of the Securities

In case of Securities with a *Scheduled Reference Asset Interest Amount* the respective Interest Amount is calculated as follows: the Scheduled Reference Asset Interest Amount in relation to each Scheduled Reference Asset Interest Payment Date (less an Interest Adjustment Amount, as the case may be) in the Specified Currency divided by the number of units of the Securities.

In case of Securities with a *Reference Asset Interest Amount* the respective Interest Amount is calculated as follows: the Reference Asset Interest Amount in relation to each Scheduled Reference Asset Interest Payment Date (less an Interest Adjustment Amount, as the case may be) in the Specified Currency divided by the number of units of the Securities .

Securities with a fixed interest rate

Fixed rate Securities will bear interest from the Interest Commencement Date to the Interest End Date at a fixed interest rate per annum as specified in the relevant Final Terms.

The Interest Amount per Security to be paid on each Interest Payment Date is equal to the product of the Nominal Amount, the Interest Rate and the Day Count Fraction. The Interest Rate and the Day Count Fraction are specified in the relevant Final Terms. The Interest Rate may differ from the interest rate applicable under the Reference Asset.

4. Early Redemption

If a Risk Event occurs and a Risk Event Notice is published at any time during the Risk Event Notice Period, then (i) the accrual of interest, if any, ceases from and including the Interest Payment Date immediately preceding the day on which such Risk Event has occurred and (ii) the Securities are not redeemed at the amount scheduled to be paid or delivered, but at the Acceleration Redemption Amount or the Acceleration Delivery Amount.

A Risk Event, as specified in the Final Terms, can be an Unscheduled Redemption, Cashflow Discrepancy, Reference Asset Value Event, Custody Event, FX Disruption Event, Change in Law, Hedging Disruption or a Credit Event in respect of a Reference Entity, the Reference Asset or any of the Reference Entity's borrowed money obligations (either directly or as provider of a guarantee), such as Bankruptcy, Failure to Pay, Governmental Intervention, Obligation Default, Obligation Acceleration, Repudiation/Moratorium or Restructuring.

If the Securities provide for a Leverage Factor, losses as a result of the occurrence of a Risk Event and such costs may be significantly greater compared to unleveraged Securities and may further reduce the Acceleration Redemption Amount or the Acceleration Delivery Amount.

VI. Description of the Securities

Following an Unscheduled Redemption, a Restructuring of the Reference Asset or a Governmental Intervention Security Holders may receive the Reference Asset or any Asset Package received in lieu of the Reference Asset or the Acceleration Redemption Amount.

(i) Cash Settlement

The Securities with cash settlement are early redeemed on the Acceleration Redemption Date by payment of the Acceleration Redemption Amount upon the occurrence of a Risk Event and fulfilment of the Acceleration Condition.

The Acceleration Redemption Amount is subject to a minimum of zero, and is calculated for each Security as follows: the Reference Asset Auction Proceeds (less a Leverage Loss Adjustment Amount, Hedge Unwind Costs and/or an Adjustment Amount Value, each as the case may be) divided by the number of units of the Securities.

Thus, the Acceleration Redemption Amount may be significantly reduced by the Adjustment Amount Value and any costs including the transaction costs and any prepayment indemnity incurred by unwinding any swaps and hedging transactions which may have been entered into in connection with the Securities, including (but not limited to) any currency hedging transactions, interest rate swap transactions, or asset swap transactions.

The Reference Asset Auction Proceeds are determined by way of an Auction. In case of an Auction Failure, the Acceleration Redemption Amount will be zero and the Security Holders will suffer *a total loss of their investment*.

If the Securities are denominated in a currency other than the Reference Currency the Acceleration Redemption Amount may be further reduced by a change in the then prevailing FX Exchange Rate.

(ii) Physical Settlement

The Securities with physical settlement are early redeemed on the Acceleration Redemption Date by delivery of the Acceleration Delivery Amount and the Supplemental Cash Amount (where relevant) upon the occurrence of a Risk Event and fulfilment of the Acceleration Condition.

The Acceleration Delivery Amount is calculated as follows: (a) the Aggregate Reference Asset Nominal Amount minus the Physical Settlement Adjustment Amount (b) divided by the number of units of the Securities.

Thus, the Acceleration Delivery Amount may be significantly reduced by the Physical Settlement Adjustment Amount accounting for any costs including the transaction costs and any prepayment indemnity incurred by unwinding any swaps and hedging transactions which may have been entered

into in connection with the Securities, including (but not limited to) any currency hedging transactions, interest rate swap transactions, or asset swap transactions.

5. Failure to redeem in case of a Physical Settlement

If the Securities are physically settled and the Issuer is unable to redeem the Securities, in particular due to the occurrence of the Risk Event or Sanctions Event, then the Issuer shall use all reasonable endeavours to redeem each Security by payment of the Alternative Acceleration Redemption Amount calculated for each Security as follows: the Reference Asset Auction Proceeds (less a Leverage Loss Adjustment Amount and/or an Adjustment Amount Value, each as the case may be) divided by the number of units of the Securities. Thus, the Alternative Acceleration Redemption Amount may be significantly reduced by the Adjustment Amount Value.

The Reference Asset Auction Proceeds are determined by way of an Auction. In case of an Auction Failure, the Acceleration Redemption Amount will be zero and the Security Holders will suffer *a total loss of their investment*.

C. Detailed information on the Securities Floating Rate Reference Asset Linked Securities (Product Type 2)

1. General description of the Securities

Floating Rate Reference Asset Linked Securities are securities whose redemption is linked to a Reference Asset i.e. to payments which are scheduled to be paid under or received from the Reference Asset. The Reference Asset can be either a bond or loan (including German law governed *Schuldscheindarlehen*) of a corporate, a financial or a sovereign entity (the "**Reference Entity**"). The payment of interest and the redemption is negatively affected by the occurrence of certain events in relation to the Reference Asset or the Reference Entity ("**Risk Events**"). The Issuer will pay interest if any and redeem the Securities on the Settlement Date at the amount scheduled to be paid or delivered only if no Risk Event has occurred. Thus, the Security Holders bear the credit risk of the Issuer and the Reference Entity. Floating Rate Reference Asset Linked Securities are issued with a minimum denomination of 100,000 Euro.

2. Redemption

(i) Cash Settlement

Subject to Early Redemption the Securities with cash settlement are redeemed on the Settlement Date by payment of the Redemption Amount in the Specified Currency.

VI. Description of the Securities

In the case of Securities with a *Specified Redemption Amount* the Redemption Amount to be paid is calculated as follows: Specified Redemption Amount (less a Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

In the case of Securities with a *Scheduled Reference Asset Redemption Amount* the Redemption Amount to be paid is calculated as follows: the Scheduled Reference Asset Redemption Amount in the Specified Currency (less a Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

In the case of Securities with a *Reference Asset Redemption Amount* the Redemption Amount to be paid is calculated as follows: the Reference Asset Redemption Amount (less a Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

If the Reference Currency is not equal to the Specified Currency, then any amount required for the determination of the redemption amount received shall be converted by the Calculation Agent at the FX Exchange Rate as per the relevant FX Valuation Date.

(ii) Physical Settlement

Subject to Early Redemption the Securities with physical settlement are redeemed on the Settlement Date by delivery of the Redemption Delivery Amount and payment of a Supplemental Cash Amount, where relevant.

The Redemption Delivery Amount is calculated as follows: the Aggregate Reference Asset Nominal Amount (less any Redemption Adjustment Amount, as the case may be) divided by the number of units of the Securities.

3. Interest

The Securities are issued as Securities with a floating interest rate.

Floating rate Securities will bear interest from the Interest Commencement Date to the Interest End Date at an interest rate on the basis of a Reference Rate as specified in the relevant Final Terms. The Reference Rate may be EURIBOR or MosPrime or any other reference rate as set out in the relevant Final Terms. At the date of the Securities Note, the Administrator of EURIBOR (European Money Markets Institute (EMMI)) is registered in the register according to Article 36 of the Benchmark Regulation (a "**Registered Benchmark Administrator**"). MosPrime Rate is a financial benchmark of Self-Regulated Organization "National Financial Association" (SRO NFA) and is not registered in the register according to Article 36 of the Benchmark Regulation.

EURIBOR (Euro Interbank Offered Rate) means the interbank interest rate (i.e. the rate at which banks lend to each other), daily calculated as the average of the quotations for one to twelve month

VI. Description of the Securities

observed on a sample of commercial banks, selected periodically by the European Banking Federation.

MosPrime Rate (Moscow Prime Offered Rate) means the daily calculated National Foreign Exchange Association ("NFEA") fixing of the reference rate on the basis of offer rates of rouble loans (deposits) as quoted by leading participants in the Russian money market selected by the NFEA board.

The Interest Amount per Security to be paid on each Interest Payment Date is equal to the product of the Nominal Amount, the Reference Rate and the Day Count Fraction. The Interest Rate and the Day Count Fraction are specified in the relevant Final Terms. The Reference Rate may differ from the interest rate applicable under the Reference Asset.

If the Reference Currency is not equal to the Specified Currency, then any amount required for the determination of the Interest Amount shall be converted by the Calculation Agent at the FX Exchange Rate as per the relevant FX Valuation Date.

In case of a Reference Rate Cessation Event on or before any Interest Determination Date, the Reference Rate will be replaced by an economically suitable Replacement Reference Rate. The Issuer determines the Replacement Reference Rate in its reasonable discretion (§ 315 et seq. BGB).

In addition, the Issuer may, if necessary, make further adjustments to the Terms and Conditions of these Securities. This includes adjustments by the Issuer, for example, to the method of calculation or determination of the Interest Rate, by the application of an interpolation or an interest rate on the Securities by means of a formula on a daily interest basis. The Issuer may also determine an interest rate adjustment factor or spread for the purpose of determining or calculating the Interest Rate or Interest Amount. The adjustment factor or spread shall reflect and neutralise potential value changes in connection with the use of the Replacement Reference Rate. It will be determined by the Issuer in line with the conditions provided for in the Terms and Conditions.

An Reference Rate Cessation Event may also result in an extraordinary termination of the Securities by the Issuer.

4. Early Redemption

If a Risk Event occurs and a Risk Event Notice is published at any time during the Risk Event Notice Period, then (i) the accrual of interest, if any, ceases from and including the Interest Payment Date immediately preceding the day on which such Risk Event has occurred and (ii) the Securities are not redeemed at the amount scheduled to be paid or delivered, but at the Acceleration Redemption Amount or the Acceleration Delivery Amount.

A Risk Event, as specified in the Final Terms, can be an Unscheduled Redemption, Cashflow Discrepancy, Reference Asset Value Event, Custody Event, FX Disruption Event, Change in Law, Hedging Disruption or a Credit Event in respect of a Reference Entity, the Reference Asset or any of the Reference Entity's borrowed money obligations (either directly or as provider of a guarantee), such as Bankruptcy, Failure to Pay, Governmental Intervention, Obligation Default, Obligation Acceleration, Repudiation/Moratorium or Restructuring.

If the Securities provide for a Leverage Factor, losses as a result of the occurrence of a Risk Event and such costs may be significantly greater compared to unleveraged Securities and may further reduce the Acceleration Redemption Amount or the Acceleration Delivery Amount.

Following an Unscheduled Redemption, a Restructuring of the Reference Asset or a Governmental Intervention Security Holders may receive the Reference Asset or any Asset Package received in lieu of the Reference Asset or the Acceleration Redemption Amount.

(i) Cash Settlement

The Securities with cash settlement are early redeemed on the Acceleration Redemption Date by payment of the Acceleration Redemption Amount upon the occurrence of a Risk Event and fulfilment of the Acceleration Condition.

The Acceleration Redemption Amount is subject to a minimum of zero, and is calculated for each Security as follows: the Reference Asset Auction Proceeds (less a Leverage Loss Adjustment Amount, Hedge Unwind Costs and/or an Adjustment Amount Value, each as the case may be) divided by the number of units of the Securities.

Thus, the Acceleration Redemption Amount may be significantly reduced by the Adjustment Amount Value and any costs including the transaction costs and any prepayment indemnity incurred by unwinding any swaps and hedging transactions which may have been entered into in connection with the Securities, including (but not limited to) any currency hedging transactions, interest rate swap transactions, or asset swap transactions.

VI. Description of the Securities

The Reference Asset Auction Proceeds are determined by way of an Auction. In case of an Auction Failure, the Acceleration Redemption Amount will be zero and the Security Holders will suffer *a total loss of their investment*.

If the Securities are denominated in a currency other than the Reference Currency the Acceleration Redemption Amount may be further reduced by a change in the then prevailing FX Exchange Rate.

(ii) Physical Settlement

The Securities with physical settlement are early redeemed on the Acceleration Redemption Date by delivery of the Acceleration Delivery Amount and the Supplemental Cash Amount (where relevant) upon the occurrence of a Risk Event and fulfilment of the Acceleration Condition.

The Acceleration Delivery Amount is calculated as follows: (a) the Aggregate Reference Asset Nominal Amount minus the Physical Settlement Adjustment Amount (b) divided by the number of units of the Securities.

Thus, the Acceleration Delivery Amount may be significantly reduced by the Physical Settlement Adjustment Amount accounting for any costs including the transaction costs and any prepayment indemnity incurred by unwinding any swaps and hedging transactions which may have been entered into in connection with the Securities, including (but not limited to) any currency hedging transactions, interest rate swap transactions, or asset swap transactions.

5. Failure to redeem in case of a Physical Settlement

If the Securities are physically settled and the Issuer is unable to redeem the Securities, in particular due to the occurrence of the Risk Event or Sanctions Event, then the Issuer shall use all reasonable endeavours to redeem each Security by payment of the Alternative Acceleration Redemption Amount calculated for each Security as follows: the Reference Asset Auction Proceeds (less a Leverage Loss Adjustment Amount and/or an Adjustment Amount Value, each as the case may be) divided by the number of units of the Securities. Thus, the Alternative Acceleration Redemption Amount may be significantly reduced by the Adjustment Amount Value .

The Reference Asset Auction Proceeds are determined by way of an Auction. In case of an Auction Failure, the Acceleration Redemption Amount will be zero and the Security Holders will suffer *a total loss of their investment*.

VII. CONDITIONS OF THE SECURITIES

A. General Information

Under this Base Prospectus the Issuer may issue new Securities under the Programme, increase the issuing volume of Securities which have already been issued, and apply for the admission to trading of Securities on a regulated or other equivalent market. In either case, Part A – General Conditions of the Securities (the "**General Conditions**") must be read together with Part B – Product and Reference Asset Data (the "**Product and Reference Asset Data**") as well as Part C – Special Conditions of the Securities (the "**Special Conditions**") (together, the "**Conditions**"). A completed version of the Conditions describes the Terms and Conditions of the respective Tranche of Securities which are part of the Global Note.

For each Tranche of Securities the Final Terms will be published as a separate document and will contain:

- (a) information on the relevant options contained in the General Conditions,
- (b) a consolidated version of the Product and,
- (c) a consolidated version of the Special Conditions,

reflecting the Terms and Conditions of the Securities. The Final Terms will be attached to the respective Global Note or deposited with the Central Register with reference to the respective Securities.

A consolidated version of the General Conditions may be delivered together with the relevant Final Terms. Such consolidated General Conditions will not be part of the relevant Final Terms, neither as an annex nor as an integral part of the Final Terms and such consolidated General Conditions will not be filed with or sent to any competent authority.

Part A – General Conditions of the Securities

PART A - GENERAL CONDITIONS OF THE SECURITIES

(the "**General Conditions**")

[Option 1: In the case of Securities governed by German Law and issued in a Global Note form, the following applies:

§ 1

Form, Clearing System, Global Note, Custody[, Replacement by Electronic Securities]

- (1) *Form:* This tranche (the "**Tranche**") of securities (the "**Securities**") of UniCredit Bank AG (the "**Issuer**") will be issued as [notes][certificates] in bearer form pursuant to these Terms and Conditions in the Specified Currency and in the Aggregate Nominal Amount with a denomination per unit of the Securities corresponding to the Nominal Amount.⁵
- (2) *Global Note:* The Securities are represented by a global note (the "**Global Note**") without interest coupons, which bears the manual or facsimile signatures of two authorised signatories of the Issuer [In the case of an Issuing Agent, the following applies: as well as the manual signature of a control officer of the Issuing Agent]. The Security Holders are not entitled to receive definitive Securities. The Securities as co-ownership interests in the Global Note may be transferred pursuant to the relevant regulations of the Clearing System. [In the case of interest-bearing Securities, the following applies: The right to receive interest is represented by the Global Note.]]
- (3) *Custody:* The Global Note will be [kept in custody by the Clearing System][issued in classical global note form and will be kept in custody by a common depository on behalf of both ICSDs][●].

"**Clearing System**" means [Clearstream Banking AG, Frankfurt am Main ("**CBF**")][Clearstream Banking société anonyme, Luxembourg ("**CBL**") and Euroclear Bank SA/NV ("**Euroclear Bank**") (CBL and Euroclear are individually referred to as an "**ICSD**" (International Central Securities Depository) and, collectively, the "**ICSDs**")][insert other relevant clearing system].

- [(4) *Replacement by electronic securities:* The Issuer reserves the right to replace the Securities represented by the Global Note without the consent of the Security Holders with identical Securities represented by an electronic registration of the Securities pursuant to § 6 paragraph 3 of the German Act on Electronic Securities (*Gesetz über elektronische*

⁵ The Nominal Amount shall be not less than 100,000 Euro.

Wertpapiere, "eWpG"). The Issuer will give notice to the Securities Holder about the intended replacement pursuant to § 6 of the General Conditions.

In such a case, the following applies:

- (a) The electronic Securities will be registered in the central register (the "**Central Register**") as central register securities (*Zentralregisterwertpapiere*) within the meaning of § 4 paragraph 2 of the German Act on Electronic Securities (*Gesetz über elektronische Wertpapiere*, "eWpG") and identified by their registered [WKN] [and] [ISIN]. The Securities will be represented by a collective safe custody entry (*Sammeleintragung*) in the Central Register. The Central Register will be maintained by the Registrar in its capacity as central securities depository ("**Clearing System**"). The Registrar in its capacity as central securities depository is registered as the bearer of the Securities within the meaning of §§ 3 paragraph 1, 8 paragraph 1 no. 1 eWpG (the "**Bearer**"). The Bearer holds the Securities as trustee for the benefit of the respective Security Holders, but not as beneficiary of the Securities (§ 9 paragraph 2 sentence 1 eWpG). The co-ownership interests in the Securities may be transferred pursuant to the relevant regulations of the Clearing System and applicable law.
- (b) The "**Registrar**" shall be [Clearstream Banking AG, Frankfurt, Mergenthalerallee 61, 65760 Eschborn ("**CBF**")][*insert other*] or any other registrar as notified by the Issuer in advance pursuant to § 6 of the General Conditions.
- (c) "**Securities**" shall mean the identical [notes] [certificates] electronically issued in bearer form as central register securities (*Zentralregisterwertpapiere*) within the meaning of § 4 paragraph 2 eWpG and represented by a collective safe custody entry (*Sammeleintragung*) in the Central Register in the name of the Clearing System.

"**Security Holder**" shall mean each holder of a co-ownership interest in the Securities pursuant to §§ 3 paragraph 2, 9 paragraph 1 eWpG, which may be transferred pursuant to the relevant regulations of the Clearing System and applicable law.

"**Terms and Conditions**" shall mean the terms and conditions of these Securities as set out in the General Conditions (Part A), the Product and Reference Asset Data (Part B) and the Special Conditions (Part C) as deposited with the Registrar.

- (d) The Terms and Conditions shall be applied and interpreted in accordance with this paragraph (4) and the eWpG. With respect to adjustment and amendment rights of the Issuer pursuant to these Terms and Conditions, the Issuer shall be deemed to be authorised vis-à-vis the Registrar within the meaning of §§ 5 paragraph 2 no. 3, 14 paragraph 1 no. 2 lit. c) eWpG to issue instructions, in order to authorise the necessary

amendments to the then deposited Terms and Conditions and to the registration particulars set-out in § 13 paragraph 1 no. 1 and 4 eWpG.]

§ 2

Principal Paying Agent, Paying Agent, Calculation Agent

- (1) *Paying Agents:* The "**Principal Paying Agent**" is [UniCredit Bank AG, Arabellastraße 12, 81925 Munich, Germany] [Citibank, N.A., London Branch, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom] [*Insert name and address of other paying agent*]. The Issuer may appoint additional paying agents (the "**Paying Agents**") and revoke such appointment. The appointment and revocation shall be published pursuant to § 6 of the General Conditions.
- (2) *Calculation Agent:* The "**Calculation Agent**" is [UniCredit Bank AG, Arabellastraße 12, 81925 Munich.]
- (3) *Transfer of functions:* Should any event occur which results in the Principal Paying Agent or Calculation Agent being unable to continue in its function as Principal Paying Agent or Calculation Agent, the Issuer is obliged to appoint another bank of international standing as Principal Paying Agent or another person or institution with the relevant expertise as Calculation Agent. Any such transfer of the functions of the Principal Paying Agent or Calculation Agent shall be notified by the Issuer without undue delay pursuant to § 6 of the General Conditions.
- (4) *Agents of the Issuer:* In connection with the Securities, the Principal Paying Agent, the Paying Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Security Holders. The Principal Paying Agent and the Paying Agents shall be exempt from the restrictions of § 181 German Civil Code (*Bürgerliches Gesetzbuch*, "**BGB**").

§ 3

Taxes

No gross up: Payments in respect of the Securities shall only be made after deduction and withholding of current or future taxes, to the extent that such deduction or withholding is required by law. In this regard the term "**Taxes**" includes taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, including a withholding tax pursuant to Section 871(m) of the United States Internal Revenue Code of 1986 ("**871(m) Withholding Tax**").

The Issuer shall in any case be entitled to take into consideration the 871(m) Withholding Tax by applying the maximum tax rate as a flat rate (plus value added tax, if applicable). In no case the Issuer is obliged to compensate with respect to any Taxes deducted or withheld.

The Issuer shall report on the deducted and withheld Taxes to the competent government agencies, except, these obligations are imposed upon any other person involved, subject to the legal and contractual requirements of the respective applicable tax rules.

§ 4

Status

The obligations under the Securities constitute direct, unconditional and unsecured obligations of the Issuer and rank, unless provided otherwise by law, *pari passu* with all other unsecured unsubordinated present and future obligations of the Issuer.

§ 5

Substitution of the Issuer

- (1) The Issuer may without the consent of the Security Holders, if no payment of principal or interest on any of the Securities is in default, at any time substitute the Issuer for any Affiliate of the Issuer as principal debtor in respect of all obligations of the Issuer under the Securities (the "**New Issuer**"), provided that
 - (a) the New Issuer assumes all obligations of the Issuer in respect of the Securities,
 - (b) the Issuer and the New Issuer have obtained all necessary authorizations and may transfer to the Principal Paying Agent in the currency required hereunder and without being obligated to deduct or withhold taxes or other duties of whatever nature levied by the country, in which the New Issuer or the Issuer has its domicile

VII. Conditions of the Securities
Part A – General Conditions of the Securities

or tax residence, all amounts required for the fulfilment of the payment obligations arising under the Securities,

- (c) the New Issuer has agreed to indemnify and hold harmless each Security Holder against any tax, duty or other governmental charge imposed on such Security Holder in respect of such substitution and
- (d) the Issuer guarantees proper payment of the amounts due under these Terms and Conditions.

For purposes of this § 5 (1) "**Affiliate**" means an affiliated company (*verbundenes Unternehmen*) within the meaning of Section 15 of the German Stock Corporation Act (*Aktiengesetz*).

- (2) Notice: Any such substitution shall be notified in accordance with § 6 of the General Conditions.
- (3) *References*: In the event of any such substitution, any reference in these Terms and Conditions to the Issuer shall be deemed to refer to the New Issuer. Furthermore, any reference to the country, in which the Issuer is domiciled or resident for taxation purposes shall be deemed to refer to the country of domicile or residence for taxation purposes of the New Issuer.

§ 6

Notices

- (1) To the extent these Terms and Conditions provide for a notice pursuant to this § 6, these will be published on the Website for Notices (or another website communicated by the Issuer with at least six weeks advance notice in accordance with these provisions) and become effective vis-à-vis the Security Holders through such publication unless the notice provides for a later effective date. If and to the extent that binding provisions of effective law or stock exchange provisions provide for other forms of publication, such publications must be made in addition and as provided for.

Other publications with regard to the Securities are published on the Website of the Issuer (or any successor website, which is notified by the Issuer in accordance with the above paragraph).

[In the case of Securities admitted to trading on the regulated market of, or listed on the official list of the Luxembourg Stock Exchange, the following applies:

All notices concerning the Securities shall also be published in electronic form on the website of the Luxembourg Stock Exchange (www. Bourse.lu.)]

- (2) In addition, the Issuer may deliver all notices concerning the Securities to the Clearing System for communication by the Clearing System to the Security Holders. Any such notice shall be deemed to have been given to the Security Holders on the [seventh] [●]day after the day on which the said notice was given to the Clearing System.

For the avoidance of doubt, any notice published on the Website for Notices which has become effective shall prevail the notice via the Clearing System.

§ 7

Issuance of additional Securities, Repurchase

- (1) *Issuance of additional Securities:* The Issuer reserves the right from time to time without the consent of the Security Holders to issue additional Securities with identical terms and conditions (except for the issue date and the issue price), so that the same shall be consolidated and form a single series (the "**Series**") with this Tranche. The term "*Securities*" shall, in the event of such increase, also comprise all additionally issued Securities.
- (2) *Repurchase:* The Issuer shall be entitled at any time to purchase Securities in the market or otherwise and at any price. Securities repurchased by the Issuer may, at the Issuer's discretion, be held, resold or forwarded to the Principal Paying Agent for cancellation.

§ 8

Presentation Period

The presentation period provided in § 801 paragraph 1 sentence 1 BGB is reduced to ten years for the Securities.

§ 9

Partial Invalidity, Corrections

- (1) *Invalidity:* Should any provision of these Terms and Conditions be or become invalid or unenforceable in whole or in part, the remaining provisions are not affected thereby. Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions and is in the interest of the parties.

- (2) *Corrections of manifest errors:* The Issuer may correct manifest errors in these Terms and Conditions. The correction is made by correcting the error with the obviously correct content. Manifest errors are recognisable typing errors as well as other comparable obvious inaccuracies. The Issuer will give notice to the Securities Holders about the correction pursuant to § 6 of the General Conditions.
- (3) *Incomplete or inconsistent provisions:* The Issuer is entitled to correct or amend incomplete or inconsistent provisions in these Terms and Conditions in its reasonable discretion (§ 315 et seq. BGB). Only corrections and amendments that are reasonable for the Security Holders taking into account the interests of the Issuer and that in particular do not materially impair the legal and financial situation of the Security Holders will be permitted. The Security Holders will be informed of such corrections and supplementations pursuant to § 6 of the General Conditions.
- (4) *Adherence to corrected Terms and Conditions:* If the Security Holder was aware of typing or calculation errors or similar errors in these Terms and Conditions when purchasing the Securities, the Issuer is entitled to adhere to the Terms and Conditions amended accordingly irrespective of paragraphs (2) to (3) above.

§ 10

Applicable Law, Place of Performance, Place of Jurisdiction

- (1) *Applicable law:* The Securities, as to form and content, and all rights and obligations of the Issuer and the Security Holder shall be governed by the laws of the Federal Republic of Germany.
- (2) *Place of performance:* Place of performance is Munich, Germany.
- (3) *Place of jurisdiction:* To the extent permitted by law, all legal disputes arising from or in connection with the matters governed by these Terms and Conditions shall be brought before the court in Munich, Germany.]

[Option 2: In the case of Securities governed by German Law and issued as electronic Securities in a Central Register Securities form, the following applies:

§ 1

Form, Central Register, Registrar, Specific Terms[, Replacement by Global Note]

- (1) *Form:* This tranche (the "**Tranche**") of securities (the "**Securities**") of UniCredit Bank AG (the "**Issuer**") will be issued pursuant to these Terms and Conditions in the Specified Currency and in the Aggregate Nominal Amount with a denomination per unit of the Securities corresponding to the Nominal Amount.⁶
- (2) *Central register:* The electronic Securities are registered in the central register (the "**Central Register**") as central register securities (*Zentralregisterwertpapiere*) within the meaning of § 4 paragraph 2 of the German Act on Electronic Securities (*Gesetz über elektronische Wertpapiere*, "**eWpG**") and identified by their registered [WKN] [and] [ISIN]. The Securities are represented by a collective safe custody entry (*Sammeleintragung*) in the Central Register. The Central Register is maintained by the Registrar in its capacity as central securities depository ("**Clearing System**"). The Registrar in its capacity as central securities depository is registered as the bearer of the Securities within the meaning of §§ 3 paragraph 1, 8 paragraph 1 no. 1 eWpG (the "**Bearer**"). The Bearer holds the Securities as trustee for the benefit of the respective Security Holders, but not as beneficiary of the Securities (§ 9 paragraph 2 sentence 1 eWpG). The co-ownership interests in the Securities may be transferred pursuant to the relevant regulations of the Clearing System and applicable law.
- (3) *Registrar:* The "**Registrar**" shall be [Clearstream Banking AG, Frankfurt, Mergenthalerallee 61, 65760 Eschborn ("**CBF**")][*insert other*] or any other registrar as notified by the Issuer in advance pursuant to § 6 of the General Conditions.
- (4) *Specific terms:* With respect to the electronic registration, the terms

"**Securities**" shall mean the identical [notes] [certificates] electronically issued in bearer form as central register securities (*Zentralregisterwertpapiere*) within the meaning of § 4 paragraph 2 eWpG and represented by a collective safe custody entry (*Sammeleintragung*) in the Central Register in the name of the Clearing System.

⁶ The Nominal Amount shall be not less than 100,000 Euro.

"**Security Holder**" shall mean each holder of a co-ownership interest in the Securities pursuant to §§ 3 paragraph 2, 9 paragraph 1 eWpG, which may be transferred pursuant to the relevant regulations of the Clearing System and applicable law.

"**Terms and Conditions**" shall mean the terms and conditions of these Securities as set out in the General Conditions (Part A), the Reference Asset Data (Part B) and the Special Conditions (Part C) as deposited with the Registrar.]

- [(5) *Replacement by global note:* The Issuer reserves the right to replace the electronic Securities without the consent of the Security Holders with identical Securities represented by a global note. The Issuer will give notice to the Securities Holder about the intended replacement pursuant to § 6 of the General Conditions.

In such a case, the following applies:

- (a) The Securities are represented by a global note (the "**Global Note**") without interest coupons, which bears the manual or facsimile signatures of two authorised signatories of the Issuer [*In the case of an Issuing Agent, the following applies:* as well as the manual signature of a control officer of the Issuing Agent]. The Security Holders are not entitled to receive definitive Securities. The Securities as co-ownership interests in the Global Note may be transferred pursuant to the relevant regulations of the Clearing System. [*In the case of interest-bearing Securities, the following applies:* The right to receive interest is represented by the Global Note.]]
- (b) The Global Note will be [kept in custody by the Clearing System][issued in classical global note form and will be kept in custody by a common depository on behalf of both ICSDs][●].

§ 2

Principal Paying Agent, Paying Agent, Calculation Agent

- (1) *Paying Agents:* The "**Principal Paying Agent**" is [UniCredit Bank AG, Arabellastraße 12, 81925 Munich, Germany] [Citibank, N.A., London Branch, Citigroup Centre, Canada Square, Canary Wharf, London E14 5LB, United Kingdom] [*Insert name and address of other paying agent*]. The Issuer may appoint additional paying agents (the "**Paying Agents**") and revoke such appointment. The appointment and revocation shall be published pursuant to § 6 of the General Conditions.
- (2) *Calculation Agent:* The "**Calculation Agent**" is [UniCredit Bank AG, Arabellastraße 12, 81925 Munich.]

- (3) *Transfer of functions*: Should any event occur which results in the Principal Paying Agent or Calculation Agent being unable to continue in its function as Principal Paying Agent or Calculation Agent, the Issuer is obliged to appoint another bank of international standing as Principal Paying Agent or another person or institution with the relevant expertise as Calculation Agent. Any such transfer of the functions of the Principal Paying Agent or Calculation Agent shall be notified by the Issuer without undue delay pursuant to § 6 of the General Conditions.
- (4) *Agents of the Issuer*: In connection with the Securities, the Principal Paying Agent, the Paying Agents and the Calculation Agent act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Security Holders. The Principal Paying Agent and the Paying Agents shall be exempt from the restrictions of § 181 German Civil Code (*Bürgerliches Gesetzbuch*, "**BGB**").

§ 3

Taxes

No gross up: Payments in respect of the Securities shall only be made after deduction and withholding of current or future taxes, to the extent that such deduction or withholding is required by law. In this regard the term "**Taxes**" includes taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, including a withholding tax pursuant to Section 871(m) of the United States Internal Revenue Code of 1986 ("**871(m) Withholding Tax**").

The Issuer shall in any case be entitled to take into consideration the 871(m) Withholding Tax by applying the maximum tax rate as a flat rate (plus value added tax, if applicable). In no case the Issuer is obliged to compensate with respect to any Taxes deducted or withheld.

The Issuer shall report on the deducted and withheld Taxes to the competent government agencies, except, these obligations are imposed upon any other person involved, subject to the legal and contractual requirements of the respective applicable tax rules.

§ 4

Status

The obligations under the Securities constitute direct, unconditional and unsecured obligations of the Issuer and rank, unless provided otherwise by law, *pari passu* with all other unsecured unsubordinated present and future obligations of the Issuer.

§ 5

Substitution of the Issuer

- (1) The Issuer may without the consent of the Security Holders, if no payment of principal or interest on any of the Securities is in default, at any time substitute the Issuer for any Affiliate of the Issuer as principal debtor in respect of all obligations of the Issuer under the Securities (the "**New Issuer**"), provided that
- (a) the New Issuer assumes all obligations of the Issuer in respect of the Securities,
 - (b) the Issuer and the New Issuer have obtained all necessary authorizations and may transfer to the Principal Paying Agent in the currency required hereunder and without being obligated to deduct or withhold taxes or other duties of whatever nature levied by the country, in which the New Issuer or the Issuer has its domicile or tax residence, all amounts required for the fulfilment of the payment obligations arising under the Securities,
 - (c) the New Issuer has agreed to indemnify and hold harmless each Security Holder against any tax, duty or other governmental charge imposed on such Security Holder in respect of such substitution and
 - (d) the Issuer guarantees proper payment of the amounts due under these Terms and Conditions.

The Issuer shall be deemed to be authorised vis-à-vis the Registrar within the meaning of §§ 5 paragraph 2 no. 3, 14 paragraph 1 no. 2 lit. (c) eWpG to issue instructions, in order to authorise the necessary amendments to the deposited Terms and Conditions and to the registration particulars set-out in § 13 paragraph 1 no. 1 and 4 eWpG.

For purposes of this § 5 (1) "**Affiliate**" means an affiliated company (*verbundenes Unternehmen*) within the meaning of Section 15 of the German Stock Corporation Act (*Aktiengesetz*).

- (2) **Notice:** Any such substitution shall be notified in accordance with § 6 of the General Conditions.
- (3) **References:** In the event of any such substitution, any reference in these Terms and Conditions to the Issuer shall be deemed to refer to the New Issuer. Furthermore, any reference to the country, in which the Issuer is domiciled or resident for taxation purposes shall be deemed to refer to the country of domicile or residence for taxation purposes of the New Issuer.

§ 6

Notices

- (1) To the extent these Terms and Conditions provide for a notice pursuant to this § 6, these will be published on the Website for Notices (or another website communicated by the Issuer with at least six weeks advance notice in accordance with these provisions) and become effective vis-à-vis the Security Holders through such publication unless the notice provides for a later effective date. If and to the extent that binding provisions of effective law or stock exchange provisions provide for other forms of publication, such publications must be made in addition and as provided for.

Other publications with regard to the Securities are published on the Website of the Issuer (or any successor website, which is notified by the Issuer in accordance with the above paragraph).

[In the case of Securities admitted to trading on the regulated market of, or listed on the official list of the Luxembourg Stock Exchange, the following applies:

All notices concerning the Securities shall also be published in electronic form on the website of the Luxembourg Stock Exchange (www. Bourse.lu).]

- (2) In addition, the Issuer may deliver all notices concerning the Securities to the Clearing System for communication by the Clearing System to the Security Holders. Any such notice shall be deemed to have been given to the Security Holders on the [seventh] [●]day after the day on which the said notice was given to the Clearing System.

For the avoidance of doubt, any notice published on the Website for Notices which has become effective shall prevail the notice via the Clearing System.

§ 7

Issuance of additional Securities, Repurchase

- (1) *Issuance of additional Securities:* The Issuer reserves the right from time to time without the consent of the Security Holders to issue additional Securities with identical terms and conditions (except for the issue date and the issue price), so that the same shall be consolidated and form a single series (the "**Series**") with this Tranche. The term "*Securities*" shall, in the event of such increase, also comprise all additionally issued Securities.
- (2) *Repurchase:* The Issuer shall be entitled at any time to purchase Securities in the market or otherwise and at any price. Securities repurchased by the Issuer may, at the Issuer's discretion, be held, resold or forwarded to the Principal Paying Agent for cancellation.

§ 8

Presentation Period

The presentation period provided in § 801 paragraph 1 sentence 1 BGB is reduced to ten years for the Securities. The presentation shall be made by performance demand (§ 29 paragraph 2 eWpG), which shall be accompanied by a deposit certificate within the meaning of § 6 paragraph 2 German Custody Act (*Depotgesetz*) issued in the name of the Security Holder making the payment demand.

§ 9

Partial Invalidity, Corrections

- (1) *Invalidity*: Should any provision of these Terms and Conditions be or become invalid or unenforceable in whole or in part, the remaining provisions are not affected thereby. Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions and is in the interest of the parties.
- (2) *Corrections of manifest errors*: The Issuer may correct manifest errors in these Terms and Conditions. The correction is made by correcting the error with the obviously correct content. Manifest errors are recognisable typing errors as well as other comparable obvious inaccuracies. The Issuer will give notice to the Securities Holders about the correction pursuant to § 6 of the General Conditions.
- (3) *Incomplete or inconsistent provisions*: The Issuer is entitled to correct or amend incomplete or inconsistent provisions in these Terms and Conditions in its reasonable discretion (§ 315 et seq. BGB). Only corrections and amendments that are reasonable for the Security Holders taking into account the interests of the Issuer and that in particular do not materially impair the legal and financial situation of the Security Holders will be permitted. The Security Holders will be informed of such corrections and supplementations pursuant to § 6 of the General Conditions.
- (4) *Authorisation*: The Issuer shall be deemed to be authorised vis-à-vis the Registrar within the meaning of §§ 5 paragraph 2 no. 3, 14 paragraph 1 no. 2 lit. (c) eWpG to issue instructions, in order to authorise the necessary amendments provided for in this § 9 to the deposited Terms and Conditions and to the registration particulars set-out in § 13 paragraph 1 no. 1 and 4 eWpG.
- (5) *Adherence to corrected Terms and Conditions*: If the Security Holder was aware of typing or calculation errors or similar errors in these Terms and Conditions when purchasing the

Securities, the Issuer is entitled to adhere to the Terms and Conditions amended accordingly irrespective of paragraphs (2) to (4) above.

§ 10

Applicable Law, Place of Performance, Place of Jurisdiction

- (1) *Applicable law:* The Securities, as to form and content, and all rights and obligations of the Issuer and the Security Holder shall be governed by the laws of the Federal Republic of Germany.
- (2) *Place of performance:* Place of performance is Munich, Germany.
- (3) *Place of jurisdiction:* To the extent permitted by law, all legal disputes arising from or in connection with the matters governed by these Terms and Conditions shall be brought before the court in Munich, Germany.

[In the case of [Fix Rate] [Floating Rate] Reference Asset linked Securities, the following applies:

SECTION 1 - Special Conditions of the Securities

§ 1

Definitions

"**Acceleration Condition**" means the publication of a Risk Event Notice by the Issuer to the Security Holders during the Risk Event Notice Period.

[Insert for Securities with Physical Settlement:

"**Acceleration Differential Amount**" means the acceleration differential amount as specified in § 4 (1) of the Special Conditions.]

"**Acceleration Redemption Amount**" means the acceleration redemption amount as specified in § 4 (1) of the Special Conditions.

"**Acceleration Redemption Date**" means the date specified in the Risk Event Notice which is no later than [thirty (30)][●] Banking Days following the date of the fulfilment of the Acceleration Condition.

[Insert for Securities with Interest Adjustment Amount(s) and/or a Redemption Adjustment Amount:

"**Adjustment Amount Value**" means the amount determined by the Calculation Agent on any day at any time during the term of the Securities equal to the net present value of [all Interest Adjustment Amount(s)] [and] [the Redemption Adjustment Amount] for the period from and including such determination day to the Scheduled Maturity Date based on prevailing swap rates as determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB) without double counting for any [Scheduled Cashflow Value] [or] [Insert for Securities with a built-in cross currency swap and where Reference Currency is equal to Specified Currency: Hedge Unwind Costs] [expressed [in the Specified Currency] using the FX Exchange Rate at the applicable time as adjusted to account for any transactions related to the conversion of cashflows [from the Reference Currency into the Specified Currency] (in connection with the issuance of the Securities)]. For the purposes of determining the net present value above, the Adjustment Amount Value [in the Reference Currency] shall be

discounted as if it was due on the relevant [Insert if Interest Adjustment Amount(s) is applicable: Scheduled Reference Asset Interest Payment Date] [or] [Insert if Redemption Adjustment Amount is applicable: Scheduled Reference Asset Maturity Date [as applicable]].]

"**Affiliate**" has the meaning given to such term in § 5 (1) of the General Conditions.

[Insert for Securities with Physical Settlement:

"**Aggregate Acceleration Delivery Amount**" means the amount equal to the sum of all Acceleration Delivery Amounts of the outstanding Securities, which are impacted by the Redemption Failure on the Acceleration Redemption Date multiplied by the Reference Asset Nominal Amount.]

[Insert if Leverage Factor is applicable:

"**Aggregate Leveraged Reference Asset Nominal Amount**" means the Aggregate Reference Asset Nominal Amount multiplied by the Leverage Factor.]

"**Aggregate Nominal Amount**" of the Securities is the amount specified as such in § 1 (Product Data) of Part B (Product and Reference Asset Data).

"**Aggregate Reference Asset Nominal Amount**" means the aggregate nominal amount of the Reference Asset as specified in § 2 (Reference Asset Data) of Part B (Product and Reference Asset Data).

[Insert for Securities with Physical Settlement:

"**Alternative Acceleration Redemption Amount**" means the alternative acceleration redemption amount as specified in § 4 (3) of the Special Conditions.

[Insert if Risk Event "Unscheduled Redemption" or Credit Events "Restructuring" or "Governmental Intervention" is applicable:

"**Assets**" means each obligation, equity, amount of cash, securities, fee, rights and/or other assets (whether tangible or otherwise) (in each case, whether of the relevant Reference Entity or of a third party) that a Reference Holder received, retained or becomes entitled to receive.]

[Insert if Risk Event "Unscheduled Redemption" or Credit Events "Restructuring" or "Governmental Intervention" is applicable:

"**Asset Package**" means any Assets (which may include the Reference Asset) that a Reference Holder received, retained or becomes entitled to receive for all or parts of the Reference Asset (including accrued but unpaid interest) [for whatever reason][following a Risk Event].]

"**Auction**" means in relation to the determination of the Reference Asset Auction Value, the following procedure:

- [(1)] On the [*Insert for Securities with Physical Settlement: relevant*] Valuation Date, the Calculation Agent shall attempt to obtain firm bid quotations from at least three Dealers in accordance with prevailing market practice at the applicable time for the Valuation Asset in an amount equal to the Valuation Nominal Amount; provided that if the Calculation Agent has obtained at least two bid quotations, the Calculation Agent shall select the Dealer who has submitted the highest firm bid quotation in respect of such Valuation Assets with the relevant Valuation Nominal Amount, provided that if two or more Dealers have submitted an identical firm bid quotation, the Calculation Agent shall select one of those Dealers using reasonable discretion. If only one firm bid quotation is obtained, the Calculation Agent shall select the Dealer who has submitted such firm bid quotation in respect of such Valuation Assets with the relevant Valuation Nominal Amount.
- [(2)] If no quotation has been submitted for the Valuation Nominal Amount on the [*Insert for Securities with Physical Settlement: relevant*] Valuation Date, the Calculation Agent shall attempt during the Auction Period to obtain partial bid quotations in accordance with paragraph (1) above for quotation amounts less than the Valuation Nominal Amount ("**Partial Quotation Amounts**"). If different bid quotations have been submitted for Partial Quotation Amounts, the Calculation Agent shall use the highest quotations until the Valuation Nominal Amount is reached and shall calculate the average value of such used quotations. As for Partial Quotation Amounts for which no quote has been submitted during the Auction Period, the quotation shall be calculated as equal to zero.

For the avoidance of doubt, at the point in time where firm bid quotations in accordance with (2) for a Partial Quotation Amount have been received by the Calculation Agent, the auction will end.]

- [(3)] If [no][neither a] quotation bid [nor a partial bid quotation] has been obtained or the Reference Asset Auction Value is equal to zero, an auction failure (the "Auction Failure") shall have occurred. The occurrence of an Auction Failure shall be notified to the Security Holders pursuant to § 6 of the General Conditions (such notice being an "**Auction Failure Notice**").

["**Auction Failure**" means the auction failure as specified in the definition of "Auction".]

["**Auction Failure Notice**" means the auction failure notice as specified in the definition of "Auction".]

["**Auction Period**" means a period of

[five][•] Banking Days starting at and including the Valuation Date.]

[Insert if Specified Currency is Euro:

"**Calculation Agent**" means the Calculation Agent as specified in § 2 (2) of the General Conditions.

[Insert if Risk Event "Cashflow Discrepancy" is applicable:

"**Cashflow Discrepancy**" means a discrepancy as determined by the Calculation Agent at any time during the term of the Securities caused by the fact that the Reference Asset fails for any reason to pay cashflows at an amount [equal] *[Insert if Material Amount is specified as applicable: not less than the Material Amount in relation]* to the Scheduled Reference Asset Interest Amounts or the Scheduled Reference Asset Redemption Amount [(each as specified in § 1 (Product Data) of Part B (Product and Reference Data))] scheduled to be paid to a Reference Holder [in the Reference Currency], on any Scheduled Reference Asset Interest Payment Date or the Scheduled Reference Asset Maturity Date, provided that the determination of the occurrence of such Cashflow Discrepancy shall be made [after the expiration of the Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period)][without regard to any grace period or any conditions precedent to the commencement of any grace period applicable to the Reference Asset].]

[Insert if Risk Event "Change in Law" is applicable:

"**Change in Law**" means that, due to

- (i) an enactment, promulgation, execution or ratification of, or any change in or amendment to, any law, rule or regulation (including tax law) or the application or official interpretation of any law, rule or regulation (including tax law) or
- (ii) any action taken by an authority or brought to a court of competent jurisdiction that takes effect on or after the Issue Date, the Issuer determines in its reasonable discretion (§ 315 et seq. BGB) that:
 - (a) it is or will be unable to perform its obligations under the Securities, in whole or in part; or
 - (b) it has, or it will, become illegal or otherwise impossible for the Issuer and/or any of its Affiliates and/or a Reference Holder and/or a Reference Entity to hold, acquire, or dispose of or otherwise deal with assets (including but not limited to the Reference Asset) that are needed in order to hedge price risks or other risks with regard to obligations under the Securities; or

- (c) it has, or it will, become illegal or otherwise impossible for the Issuer and/or any of its Affiliates and/or a Reference Holder and/or a Reference Entity to enter into any swap or hedging transactions in connection with the Securities, including (but not limited to) any currency hedging transaction, interest rate swap or asset swap transaction; or
- (d) the Issuer or any of its Affiliates has incurred or will incur a materially increased cost in performing their obligations under the Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or a requirement to pay any Tax or withhold for or on account of any Tax or other adverse effect on their tax position); or
- (e) any event which has an analogous effect to any of the events specified in (a) to (d).]

["**Credit Event**" means any of the events specified as such in § 2 (*Reference Asset Data*) of Part B (*Product and Reference Asset Data*).]

["**Currency Disruption**" means that due to the occurrence of special circumstances or force majeure (such as catastrophes, war, terror, insurgency, restrictions on payment transactions, entering of the currency used for the calculation into the European Economic Monetary Union, withdrawing of the relevant country from the European Economic Monetary Union and other circumstances having a comparable impact on FX), the reliable determination of FX is impossible or impracticable.]

[Insert if Risk Event "Custody Event" is applicable:

"**Custodian**" means [[●] which is the][a] custodian of the Reference Asset.

"**Custody Event**" means the occurrence of

- (i) Bankruptcy with respect to the Custodian or
- (ii) one or more of the following acts with respect to the Custodian:
 - (a) a failure to establish or to dissolve an account for the Specified Currency or the Reference Currency or the Reference Asset;

[Insert if the Securities pay interest:

(i) Interest Amounts shall cease to accrue and shall not be payable in respect of the Securities from and including the Interest Payment Date immediately preceding the day on which a Risk Event has occurred; and

(ii)] each Security shall be redeemed on the Acceleration Redemption Date by

[(i)][(a)] delivery of a certain number of Reference Assets or a relevant portion of the Asset Package, as the case may be, per Security (the "**Acceleration Delivery Amount**"), subject to a minimum of zero, and

[(ii)][(b)] payment of the Supplemental Cash Amount per Security in the Specified Currency, if any, to the Security Holders.

The Acceleration Delivery Amount shall be calculated by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB) as follows:

[(a)][(A)] the Aggregate Reference Asset Nominal Amount minus the Physical Settlement Adjustment Amount (the result being the "**Acceleration Differential Amount**"), divided by

[(b)][(B)] the Number of Units.

If an Auction Failure has occurred and an Auction Failure notice has been published by the Issuer or if the Reference Asset or the Asset Package ceased to exist, then the Acceleration Differential Amount shall be deemed to be zero and the Security Holders shall have no further right or claim whatsoever against the Issuer in respect of the Securities.

- (2) If it is – due to the occurrence of a Risk Event[, a Sanctions Event] or otherwise – impossible or illegal for the Issuer to deliver the Acceleration Delivery Amount on the Acceleration Redemption Date (the "**Redemption Failure**"), then the Issuer shall notify the Security Holders pursuant to § 6 of the General Conditions (such notice being a "**Redemption Failure Notice**").

- (3) No later than [20][●] Banking Days following the publication of such Redemption Failure Notice (such date being the "**Alternative Acceleration Redemption Date**"), each Security shall be redeemed by payment of an amount per Security calculated by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB), based on a second auction on the Subsequent Valuation Date, as follows (the "**Alternative Acceleration Redemption Amount**"):

- (i) the Reference Asset Auction Proceeds
- (ii) divided by the Number of Units.

For the avoidance of doubt, if the payment of the Supplemental Cash Amount determined per Security pursuant to § 4 (1) has not already taken place on the Acceleration Redemption Date, it shall be paid together with the Alternative Acceleration Redemption Amount on the Alternative Acceleration Redemption Date.

In case that the Alternative Acceleration Redemption Amount is zero or if an Auction Failure has occurred and an Auction Failure Notice has been published by the Issuer, all obligations of the Issuer with respect to the Security Holders shall cease and the Issuer is under no further payment obligation.

- (4) Deliveries or payments pursuant to this § 4 shall be made in accordance with § 5 of the Special Conditions.
- (5) Following the Delivery of the Acceleration Delivery Amount and payment of the Supplemental Cash Amount, if any, or payment of the Alternative Acceleration Redemption Amount on the Alternative Acceleration Redemption Date to the Security Holder, all obligations of the Issuer with respect to such Security Holder shall cease and the Issuer is under no further Delivery or payment obligation.]

[Insert if Risk Event "Custody Event" is applicable:]

- (6) In case of a Custody Event all obligations of the Issuer to deliver the Acceleration Delivery Amount and to pay the Supplemental Cash Amount, if any, shall cease and the Issuer shall endeavour to transfer a pro rata share of the Issuer's rights and entitlements vis-à-vis the custodian to each Security Holder upon such Security Holders demand, to the extent such rights and entitlements are not required to indemnify the Issuer for the [Hedge Unwind Costs].]

[Insert if Reference Currency is not equal to the Specified Currency:]

- ([6][7]) Following the occurrence of a FX Disruption Event, the Issuer shall select in its reasonable discretion (§ 315 et seq. depository banks of the Security Holders. Subject to the provisions of these Terms and Conditions, the Redemption Delivery Amount or the Acceleration Delivery Amount, as applicable, shall be delivered at the Security Holder's own risk. If the due date of any delivery is not a Banking Day, such Delivery shall be made on the next following Banking Day. Such delay will not constitute any entitlement to interest or other payments. The Issuer shall not be obliged to forward to the Security Holders any notifications or documents of [the relevant Reference Entity of the Reference Asset][●] that were provided to the Issuer prior to such delivery of the Redemption Delivery Amount or Acceleration Delivery Amount, as applicable, even if such notifications or other documents refer to events that occurred after Delivery of the Redemption Delivery Amount or Acceleration Delivery Amount, as applicable. The Issuer shall not be obliged to exercise any voting rights under the Redemption Delivery Amount or Acceleration Delivery Amount, as applicable, or to act in the interests of the Security Holders in respect of any voting to the extent the Issuer holds the Redemption Delivery Amount or Acceleration Delivery Amount, as applicable.]]

[In the case of Floating Rate Securities, the following applies:

§ 6

Issuer's Extraordinary Call Right

Upon the occurrence of a Reference Rate Call Event the Issuer may call the Securities extraordinarily by giving notice pursuant to § 6 of the General Conditions and redeem the Securities at their Cancellation Amount. The application of §§ 313, 314 BGB remains reserved. Such call shall become effective at the time of the notice pursuant to § 6 of the General Conditions or at the time indicated in the notice, as the case may be.

The "**Cancellation Amount**" shall be [the fair market value of the Securities determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB) as of the tenth Banking Day before the extraordinary call becomes effective] [, as determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB), the market value of the Securities, (with accrued interest for the period until the Scheduled Maturity Date at the market rate of interest being traded at such time for liabilities of the Issuer with the same remaining term as the Securities) as of the tenth Banking Day before the extraordinary call becomes effective].]

The Cancellation Amount will be paid [five Banking Days following the date of the above mentioned notice, or at the date specified in such notice, as the case may be, pursuant to the provisions of § 5 of the Special Conditions] [on the Scheduled Maturity Date].]

§ 7

**Replacement Reference Rate, Adjustment, Interest Rate Adjustment Factor or Spread,
Notices**

[(1)] *Replacement Reference Rate*: Upon the occurrence of a Reference Rate Cessation Event on or preceding an Interest Determination Date, the Reference Rate will be replaced by the Calculation Agent with an economically suitable reference rate (the "**Replacement Reference Rate**"). The Reference Rate should be replaced by a Replacement Reference Rate that pursuant to the following sequence of adjustment methods (each an "**Adjustment Method Level**")

- (a) has been publicly and permanently declared as the replacement for the original Reference Rate by the administrator of the Reference Rate, the relevant central bank or a supervisory authority and may be used as a Replacement Reference Rate in accordance with the governing law of the Securities, or – in the event and as long as this is not the case –
- (b) is typically used as a Replacement Reference Rate for comparable securities (in particular with a view to the [Specified Currency][Reference Currency][Reference Rate Currency], the type of interest payment and the term), or – in the event and as long as this is not the case –
- (c) is typically used as a reference rate for (x) interest rate swaps (fixed/floating interest) in the [Specified Currency][Reference Currency][Reference Rate Currency] or (y) exchange traded interest futures with a comparable term, or – in the event and as long as this is not the case –
- (d) is determined by the Issuer in its reasonable discretion (§ 315 et seq. BGB) with a view to the [Specified Currency][Reference Currency][Reference Rate Currency] and the expected term in a reasonable economical manner, based on the general interest rate level at the relevant point in time in [Germany][Italy].

The Replacement Reference Rate is – subject to the occurrence of a new Reference Rate Cessation Event – applicable to all subsequent interest periods. With respect to subsequent Interest Determination Dates, however, a new adjustment may be made with respect to the preceding Reference Rate Cessation Event if an adjustment based on a prior ranking Adjustment Method Level pursuant to the sequence (a) to (d) is then possible at that time. This includes the change from a daily interest rate previously selected under a specific Adjustment Method Level to a previously unpublished term-based interest rate.

(2) *Adjustments*: If necessary, the Calculation Agent will make further adjustments to the Terms and Conditions of the Securities in its reasonable discretion (§ 315 et seq. BGB). This includes in particular:

- (a) the method of calculation or determination of the Interest Rate; this includes the application of an interpolation or an interest rate on the Securities by means of a formula on a daily interest basis;
- (b) the method for determination of the Reference Rate (including any rounding rules),
- (c) the Reference Rate Maturity, which can be shortened or extended;
- (d) the relevant Screen Page, Reference Rate Time and/or Reference Rate Financial Centre;
- (e) the Day Count Fraction;
- (f) the Interest Determination Date (including the relevant Banking Days), which may be postponed from the beginning of the relevant Interest Period to the end thereof; and/or
- (g) the business day convention according to § 5 (2).

Such adjustments shall enable the Calculation Agent

- (i) to use the Replacement Reference Rate in accordance with the then prevailing market practice

or – to the extent that the Calculation Agent determines that the application of any part of such prevailing market practice is not technically feasible, a prevailing market practice for the Replacement Reference Rate does not exist or does not lead to economically meaningful results –

- (ii) to use the Replacement Reference Rate in such a manner as determined by the Calculation Agent necessary for its use as the Replacement Reference Rate for the Securities; whether this is the case shall be determined by the Calculation Agent at its reasonable discretion (§ 315 et seq. BGB).

- (3) *Interest rate adjustment factor or spread:* In addition to an adjustment under paragraph (2), the Calculation Agent may also determine an interest rate adjustment factor or spread for the purpose of determining or calculating the Interest Rate or Interest Amount

[in order to achieve, as far as possible, a result that reflects the economic substance of the Securities prior to the occurrence of the Reference Rate Cessation Event. What is appropriate to reflect the economic substance of the Securities in a given case shall be determined by the Calculation Agent in its reasonable discretion (§ 315 et seq. BGB).] [in such a way that the financial position of the Security Holders remains unchanged to the greatest extent possible.]

- (4) *Notices:* The Calculation Agent shall notify the Issuer without undue delay of the Replacement Reference Rate pursuant to paragraph (1) and the adjustments and determinations made pursuant to paragraphs (2) and (3) as well as the date of first

application, who will notify the Security Holders and any exchange, on which the Securities are listed and whose provisions require a notification to the exchange pursuant to § 6 of the General Conditions of the Securities.

[In the case of Securities governed by German law, insert:

[(5) *Authorisation with respect to the Central Register:* The Issuer shall be deemed to be authorised vis-à-vis the Registrar within the meaning of §§ 5 paragraph 2 no. 3, 14 paragraph 1 no. 2 lit. (c) eWpG to issue instructions, in order to authorise the necessary amendments to the deposited Terms and Conditions and to the registration particulars set-out in § 13 paragraph 1 no. 1 and 4 eWpG.]

[(•)] *Legal Provisions:* The application of §§ 313, 314 BGB remains reserved].]

IX. TAX WARNING

The Issuer assumes no responsibility for deducting any withholding taxes. The taxation of income from the Securities is subject to the tax laws in the Federal Republic of Germany, where the Issuer has its registered seat. In addition, the taxation of the Securities may be subject to the tax laws of Luxembourg to the extent investors in the Securities are subject to such laws.

The tax legislation of the investor's Member State and of the Issuer's country of incorporation may have an impact on the income received from the securities.

U.S. Withholding Tax

Payments under index-linked Securities and equity-linked Securities may be subject to U.S. withholding tax.

U.S. tax rules stipulate that for certain financial instruments (such as for the Securities) a withholding tax (of up to 30% depending on the application of income tax treaties) may be imposed if the payment (or deemed payment) on the financial instruments is contingent upon, or determined by reference to, the payment of a dividend from sources within the United States.

This tax liability may apply even if pursuant to the terms and conditions of the Securities no actual dividend-related amount is paid or a dividend-related adjustment is made and thus investors can only determine with difficulty or not at all any connection to the payments to be made in respect of the Securities.

The Issuer or the custodian of the Security Holder is entitled to deduct from payments made under the Securities any withholding tax accrued in relation to payments made under the Securities.

Furthermore, the Issuer is entitled to take any tax liability pursuant to section 871(m) of the IRC into account in original and continuous pricing of the Securities and to comply with the withholding obligation using provisions that have to be made accordingly. Moreover, a 30% tax rate is generally applied, also when taking account of the tax liability in continuously adjusting amounts, due to the necessity of using a uniform rate for all investors in all cases mentioned. A double taxation may occur in relation to payments made under the Securities in that payments on the Securities may be subject to both U.S. tax and local tax, with no tax credit for the U.S. tax.

If U.S. dividend equivalent taxes are withheld, neither the Issuer nor any paying agent, the custodian of the Security Holder or any other person would be obliged to pay additional amounts to the Security Holders as a result of the deduction or withholding.

X. GENERAL INFORMATION

A. Selling Restrictions

1. General

No action has been or will be taken in any jurisdiction by the Issuer that would permit a public offering of the Securities, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required other than the approval of the Base Prospectus by the CSSF and a notification to the countries set forth in the Final Terms under "Terms and conditions of the offer". No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer other than the approval and notification(s) mentioned above.

2. European Economic Area

In relation to each member state of the European Economic Area (each a "**Member State**"), the Securities may not be offered to the public in that relevant Member State, except that an offer of the Securities to the public may be made in that Member State:

- (a) if the Final Terms in relation to the Securities specify that an offer of those Securities may be made in that Member State in accordance with the Prospectus Regulation (as defined below) and the conditions of the offer applicable to the offer of the Securities set out in the Base Prospectus or in the relevant Final Terms, as the case may be, in the period beginning and ending on the dates specified in such Final Terms, provided that the Issuer has consented in writing to the use of the Base Prospectus for the purpose of such offer;
- (b) at any time if it is addressed solely to qualified investors as defined in the Prospectus Regulation (the "**Qualified Investors**");
- (c) at any time if it is addressed to fewer than 150 natural or legal persons (other than Qualified Investors) per Member State, subject to obtaining the prior consent of the Issuer or the relevant person or entity placing or offering the Securities nominated by the Issuer for any such offer; and/or
- (d) at any time in any other circumstances falling within Article 1 (4) of the Prospectus Regulation,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement the Base Prospectus at least one banking day prior to the respective offer.

For the purposes of this provision, the expression an "offer of Securities to the public" in relation to any Securities in any Member State means the communication in any form and by any means of

sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities.

The expression "**Prospectus Regulation**" means the Regulation (EU) 2017/1129.

3. United States of America

- (a) The Securities have not been and will not be registered under the Securities Act of 1933, as amended ("**Securities Act**"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S under the Securities Act or pursuant to another exemption from, or in a transaction otherwise not subject to, the registration requirements of the Securities Act.
- (b) Any person when purchasing the Securities agrees with the Issuer and, if different, the seller of such Securities that (i) it will not at any time offer, sell, resell or deliver, directly or indirectly, any Securities so purchased in the United States or to, or for the account or benefit of, any U.S. person, (ii) it is not purchasing any Securities for the account or benefit of any U.S. person and (iii) it will not make offers, sales, re-sales or deliveries of any Securities (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Terms used above have the meanings given to them by Regulation S.
